

Farmers' Community Meeting At Parks Hill

Three Days—August 15, 16 and 17

A number of our men, Mrs. J. H. McFarren, of Louisville, a man who is interested in the education of the children and better farming, in Kentucky made a visit to our county. He met with a number of the business men of this county and discussed with them the advisability of having a Farmers' Community Meeting. Various committees were appointed and the meeting was dissolved.

After going over into a good deal of the county, Mr. McFarren was highly pleased with the way the land is farmed, but saw the absolute necessity for a more scientific system of farming. He believes that in order to have a sustained, intelligent, prosperous and happy rural people there must be a better system of farming, better farming, more fruit raising, better cattle raising, etc. To this end this meeting has been planned.

Tuesday, August 15th, will be Rural Church Day. Two excellent sermons will be delivered with all the services in the church. The church is not only invited but urged to attend Sunday, August 15th, at Parks Hill, Kentucky free. No charge whatever.

Monday, August 16th, will be Farmers Day when the addresses will be made by experts on soil conservation, alfalfa, wheat raising, etc. Fruit raising and the growing of fruit will be discussed. Several lectures will be held for demonstration, which will be in the hands of their own owners for better fact value are invited to bring half pint of milk Monday.

Tuesday, August 17th, will be Rural School Day. Every school in the county will close that day. A report of the children will be made by the Audubon Park Hill branch to the Hill Hill Hall. Each teacher and trustee will march with his school carrying a banner with their school motto, followed by the youth of the children singing. Various schools will be made by prominent educators. Mr. McFarren has been urged to make a number of addresses on the various subjects mentioned.

Don't forget the dates, August 15th, 16th and 17th, at Parks Hill. No extra charge whatever. Good music, excellent sermons which will be published later.

Don't make a special drive, have the State Experiment Station at Parks Hill during that matter. Get the valuable information there for you.

An interesting evening will be given at the State Experiment Station at Parks Hill during that matter. Get the valuable information there for you.

W. G. IRVIN, Chairman Public Committee.
LIDA E. GARDNER, Local Chairman Program Committee.

EFFICIENT NURSE FINDS ASSISTANCE

Mrs. Anna L. Bryan is given relief by Premier Preparation

Louisville, Ky., August 10th.—Mrs. Anna L. Bryan, an efficient nurse, who resides at 1111 Crescent Court, Crescent Hill, Ky. city, is among the hundreds of Louisville women who have used Premier Preparation, with the most beneficial results. Mrs. Bryan writes:

"I find Premier very fine. I have been using it for more than a week for constipation. I have been treated by several physicians with very poor results. At times I was almost blind, and last week nearly blind."

"I find Premier has given me relief. Since I began taking the medicine I have noticed a marked improvement in my condition. I have ceased to vomit blood and have begun taking my food. I have been able to get up and walk. I feel much better. I have been able to get up and walk. I feel much better. I have been able to get up and walk. I feel much better."

"I find Premier very fine. I have been using it for more than a week for constipation. I have been treated by several physicians with very poor results. At times I was almost blind, and last week nearly blind."
