### BRYSON & KERNS

Real Estate in the Valley

Here's a nice little place—one acre with small house near Moorefield 3-room house, chicken house, will sell for \$700.

Also, good house, 1 acre land, fine orchard and best blacksmith shop and stand in the county, eight at Headquarters. WILL YOU BUY IT?

BUT for money that they take at the Bank, the kind of money that you buy things with, there's hardly anything equal to that 140 acres of land one mile from Headquarters on the pile—200 acres, big barn, nearly 100 acres tobacco land, and \$90 will buy it IF YOU HURRY. No other agency has this land.

Something RARE, something unusually GOOD is a fine Home and Farm one mile from Carlisle on the new MODEL ROAD. 125 acres, splendid house, 4 good barns, land in fine condition, one of the handiest homes in the county, and the price is EIGHTY \$50 less on the acre, than you will expect. Now if you want an elegant home close to town, SEE US QUICK. This good place should sell and we believe it will sell, so if it looks good to you get quick.

Now listen: We have 165 acres of GOOD land, very beautifully situated, on a matter what you want. We'll be glad to see you any day—openings over Oldham's Store.

BRYSON & KERNS, The Real Estateists.

### A LIVE WIRE.

Is a good thing, but it holds great possibilities of evil. With the shiny copper wire properly covered, it is harmless even when strung along ceilings and rafters as dry as tinder. But insulation can be broken, and sputtering sparks and dry rafters may mean that you and your little one will be turned out into the snow some winter night by the FIRE FEND.
