COL. COYNE TALKS OF OWN CONDITION

Prominent Louisville Contractor Says He Was Improved By Tanlac

Louisville, Ky., Nov. 3.—Col. Joseph Coyne, one of the best known general contractors in the South and builder of many miles of hard-surfaced streets and roads in and around Louisville, who resides at 428 South Fifth street, this city, has added his words of commendation to those of thousands of others. Praising Tanlac, he said:

"My kidneys have annoyed me for a number of years. I suffered great pain as a result. I also suffered periodically from rheumatism, the condition affecting various parts of my body. I walked with great difficulty and could not use my hands naturally. I suffered from a pain in the ball of my foot daily for years. That pain has disappeared.

"My kidneys are greatly improved and my rheumatism has virtually disappeared. My strength has returned and my appetite and sleep have improved. I feel vigorous and healthy, and attribute the change to the use of Tanlac only. The medicine is all right, I recommend and commend it."

Tanlac, the premier preparation, is now on sale in Carlisle at Tureman's Drug Store.

NOT HOW CHEAP, BUT HOW GOOD

That's my plan. You have pictures in your home that I made ten years ago. Compare ours with some cheap ones and REACH YOUR OWN CONCLUSIONS. It cost me more to make it, and it cost you more to buy it, but it will be as good as new, when the cheap work has been gone for years.

THE BEST IS ALWAYS CHEAPEST. I AM LOOKING FOR YOU—AND DAN NOW. THE BIG RUSH FOR XMAS PRESENTS HAS AL-READY BEGUN.

VOL. I.— CARLISLE, NICHOLAS COUNTY, KENTUCKY, THURSDAY, NOV. 11, 1915 EIGHT PAGES—NO 45

COMMENT

The Republicans are gleeful in their supposition that Stanley's scant majority is an indication of Kentucky's "endorsement of Woodrow Wilson." We sincerely hope that they will continue to cherish this vain delusion until next November.

The Republicans seemed to have roped, tied and branded the late Progressive Louisville Herald, judging from the hilarious editorial fits thrown by the Herald, when the early returns made it appear that Mr. Morrow had a chance to win.

You'll remember we predicted in these columns that Stanley's majority would be 30,000 or more. "IF" the overconfidence of Democrats didn't play both with the results. There are some mighty little words in this English language of ours that are mighty important on occasion and the preposition IF is sometimes as good ever as a bomb-proof bench.

We republish today the official table of the vote in Nicholas county. You can cut this out and paste it up for reference next year. The official vote as canvassed last Friday by the Election Commissioners. The figures are exactly the same as published last week, with the exception of the total in the vote of M. C. Hanna, where a typographical error made the total 292, instead of 280. The totals in the city races and the Prohibition, Socialist and Progressive votes are given this week.

Apropos of the approaching session of the Kentucky Legislature, we would respectfully submit the following editorial suggestion from The Saturday Evening Post:

"We wonder why no legislature has passed a law against the passing of foul laws. It is really astounding that no legislator seems ever to have thought of that.

Confessedly the country suffers much from fool laws. The statute book of every state is cumbered with all sorts of half-baked legislation, which is not enforced, or enforced only spasmodically. Every year adds to the accumulation. Every student of American government knows what an affliction this is

Now, it is well settled principle of American government that the remedy for any affliction is found in the law against it. If you think your wife is injuring her feet by wearing high-heeled shoes do not attempt to arouse her out of the habit. Just get in touch with a number of similarly minded neighbors and have a law passed against it.

Therefore, the remedy for the affliction of fool legislation is to pass a law against it. "Be it enacted" —and so on—"that hereafter no legislature shall pass, nor shall enact any bone-headed law." Just that, with the governor's signature, and the trick is done.

We hand the idea along in a hope that many states will hasten to adopt it."

It Isn't Your Town—It's You

If you want to live in the kind of a town
That's the kind of a town you like;
You needn't slip your clothes in a grip
And start on a long, long hike,
You'll find elsewhere just what you left behind,
For there's nothing that's real by new,
It's a knock at yourself when you knock your town,
I ain't your town—it's you.

Real estate may not made by men
Lest somebody else gets ahead.
When everybody works and nobody shirks
You can raise a town from the dead.
And if while you make your personal stake
Your neighbor can make one, too,
Your town will be what you want to see.
It isn't your town—it's you.

Stanley Eales Goes To Sioux City, Iowa

From a Bloomington, Ill., paper:

Mr. Stanley Eales, who has been connected for the past three years with one of Bloomington's leading grain companies has accepted a position with the Armour Grain Company of Sioux City and will take up his new duties as soon as he can go to the Iowa city. Mr. Eales has won for himself, while in this city, a host of friends who will regret to see him leave, but today he was receiving the congratulations from his numerous friends who are pleased to know of his new and broader advancement. He will take charge of the Sioux City plant of this large concern and besides having more responsibility put upon him, the change will be beneficial financial raise in salary. Mr. Eales is a Carlisle boy and came to Chicago and from there he will go to Sioux City. His wonderful farsightedness in grain markets, and his ability to put "things over" has won for him a very enviable reputation among grain men and the services are very much sought after. The best of good wishes for good luck and success will follow him from his Bloomington friends.

To Build Monument On Blue Lick Battle Ground

(Bourbon News)

Mrs. W. H. Thompson, of Lexington, has under progress a plan by which a monument will be erected at the Lower Blue Licks. Mrs. Thompson is a member of the American Daughters of the Confederacy and it has been her ambition for the past several years to raise a fund to pay a monument for this historical place. This was a pet project of Col. Green R. Keller, of the Carlisle Mercury, who faithfully endeavored in the course of his busy life to stimulate an interest in the scheme. Some years ago the same scheme was broached and went so far as to lay a foundation and lower base for a monument which was to commemorate battle of Blue Licks, in which the Indians massacred the Kentucky soldiers under command of Col. McGee. Nothing further was ever done in the matter. It is to be hoped that Mrs. Thompson's efforts will be rewarded.

It is noble to be silent if you are angry enough to quarrel.

Those living in Nicholas are Mr. Earl Allen, Lexington, Calvert. Wm. Jr., Nola and Jesse. One brother lives in Oklahoma and another in Indiana.

Governor's Thanksgiving Proclamation Is Issued

Frankfort, Ky., Nov. 4.—Gov. Mer'reary issued a proclamation to-day designating Thursday, November 25, as Thanksgiving Day.

His proclamation follows:

To the People of Kentucky: The year is drawing to a close, and it is a time-honored custom for our people to turn aside awhile in the autumn from their regular avocations of life in praise and thanksgiving to Almighty God for His many kindnesses and mercies.

We have been blessed with peace and law and order, abundant health, and the prosperity of our people. Everett is noted for his fine Polland China hogs and just to show his confidence in the election of Hon. A. O. Stanley to the Governorship, Clarence Everett, he will offer at public outcry in the Court House at 1:15 o'clock today (Saturday) several head of his finest stock. The terms are Cash or a note bearing interest and approved security. Any bidder or bidders takes the hogs and leaves his check at the equivalent in cash with some person to be agreed upon until after the election. If Stanley's majority over Morrow is not as much as 15,000 then the money or check is to be returned to the buyer with the exception of five cents per head for the feed and care of each hog. If Stanley's majority is 15,000 or more, then the full price is paid. In other words, the hogs either cost five cents per head or the full price paid and from the looks of things, most probably the latter. Anyway some rip, snorting Republican like the Editor of the Gazette, if he believes what he pretends, can get some mighty fine meat or show hogs awful cheap—let's see if they're game? The hogs will be on display in front of the Sentinel-Democrat office.

SCHOOL NEWS

The attendance in a majority of the districts is larger than last year, and yet there are three or four schools whose attendance is such that the matter will have to be investigated before the County Board at its next meeting and the cause for the poor attendance investigated. We urge the teachers and trustees of these districts to make a personal visit to the homes of the delinquent children and ascertain the cause for keeping the children from school. Send us in the delinquent blanks and we will see what can be done. Every tax payer in Nicholas county should feel interested in seeing that the children get the benefit of the portion of your tax that goes for school purposes. Good houses have been built, modern furniture installed and good teachers employed, and yet all of these cannot educate the child if the parents fail to send it to school. Ignorance breeds vice and crime and thousands of dollars are spent in Nicholas county annually to keep up the courts to care for criminals, both in the county jail and the state prison. And who are these unfortunate ones who get into the grip of the law? Are they high school graduates? Are they even common school graduates? Just take a survey of the criminals of Nicholas county in the past few years. Did they go through school, receiving at least a common school education? Parents, God gave you a precious trust when he gave the children to you. He provides a way of educating them by means of the public schools. Who will be to blame if, in after years, they become the bain of their aspirations, fill a cell in the county or state prison? Trustees, teachers, I urge you to look into this matter, and let us call on the county schools. Our duty it is to help us to enforce the compulsory school law, and let every boy and girl have his or her share of the benefits of the public schools.

Last Monday I visited Stoney Creek school, taught by Miss Nellie Clarke, who is teaching her second term there. That same day Mrs. Taylor visited the Goose Creek school taught by Miss Minnie Lee Kerns. We found a large attendance in both of these sch
