Watering Herses,
itorses about not be watered when
overheated. Let them cool of first.
Watering should be done before feeding grain always, and the quantity of
mixed grain should be just enough
to keep the herse in good condition.

Baker's Cocoa

It has the delicious tasts and matural color of high-grade cocca beaus; it is skilfully prapared by a perfect mechanical process; without the use of chemicals, flavoring or sufficial coloring matter. It is pure and wholesome, conforming to all the National State Puer Food Laws. It has the delicious taste and
