st S1 Pictorial Review

three, of Paris, Ky., OLDER BUT STRONGER

To be healthy at seventy, perpure a forty, is sound advice, because in the strength of middle like we too others forgothat neglected colds, or careless tree ment of slight aches and point, simple undermine strength and bring chross undermine strength and bring chross weakness for later years.

To be stronger when older, keep you blood pure and rich and active with the strength heiding and blood-nourithin.
