The Commer Campaign

Same old causes, same old graves,
Same old charges, same old slaves,
Same appeal to duty and fame,
Same old cheering with the same;
Same old campaign liars' tales,
Same spellbinding, lots, wails,
Same old marked for and against,
Same old bunkum and soft soap;
Same old thrill, same old roar,
Same old cheers, to the fore,
Same old flaming, same old song,
Same old Rah! Rah! Rah!
Same old blathing, same old fears,
Same old issues, same old cheers,
Same old pleading for office,
Same old little to offset. [C.

All "Anti" At Frankfort

The anti-everything legislature, as well as the appointees, in fact all connected with the present state administration, have come to the conclusion that the session of the Legislature now in session in Frankfort must be a success, or something unless he is "anti."

The policy of this administration, together with the senatorial investigation, is strictly anti. There is no use for a person to visit Frankfort during the sitting of the Legislature unless he is in favor of the word Anti.

Many bills have been introduced and defeated, legislation that means "anti," and nobody knows what it means, but believe it shows. This administration favors Anti-cruelty, Anti-Lobby, Anti-Trust, Anti Beer, Anti-Cocaine, Anti-Pistol, Anti-Whiskey, Anti-Pass, Anti-Lobby, Anti-Help, Anti-Extravagance, Anti-Deficiency, Anti-Politics, Anti-Corruption, Anti-Bribery, Anti-Perjury, Anti-Falsehood, Anti-Tuberculosis, Anti-Fraud, Anti-Anti-Suicide, Anti-Spitting, Anti-Mosquito, Anti-Slavery, Anti-Quarantine, Anti-nuisance, Anti-Whipping and Anti-Newsboy.

Needed A Hammer

Considerable excitement was occasioned at Owensboro, Ind., when a stranger, giving his name as Jack Jameson, of Bridgeport, fell on the sidewalk. The stranger informed those of four young men standing nearby that he had broken his leg. He was carried into a pool room, and when one of the young men started to call a surgeon the man asked for a saw, several nails and a hammer. It was discovered that the leg Jameson was a wooden one.

Peters Family Reunion

Wm. E. Peters, one of Morgan's gallant fough riders during the late civil war of over 50 years ago, now a peaceful and substantial farmer of near Bethel, Bath county, has for some years past celebrated his birthday, January 29, 1838, with a reunion at the home of one of his children. This year, the 77th anniversary, was celebrated at the home of his son, C. A. Peters, near this city. —Flemingsburg Times-Democrat.

School News

We are sure that the citizens of Nicholas county will be glad to know that 37 pupils from rural districts appeared before the examining board Friday and Saturday and took the Common School Diploma examination. This is more than twice as large a number as we have ever had, and we feel there is another examination in May at which we are expecting a good sized class. The following districts were represented: Division A: Hocktown, 6; Mt. Carmel, 4; Harrison, 1; Division B: Berea, 2; Ellisville 5; Pleasant Valley, 3; Johnsed, 1; Rivers, 1. Division C: Cassidy, 1; Locust Grove, 4; Maple Grove, 2; Rich, 1; Cane Run, 1. Division D: Arnett, 1; Miranda, 2; Parks, 2; Jeff 1; Berry, 1. Henryville colored school, 11.

There were 42 substitutes in the county, 40 white and 2 colored. Only 18 of these had 47 applications. Now you see if the other substitutes do as well in May we shall have a fine class then. This class is an excellent show for this term of school considering the epidemics and number of times we have had to close school.

Every parent in Nicholas County and, in fact, in Kentucky, who does not see that their children receive at least a common school education should be ashamed. And the five districts in the county which have never had a pupil to finish the common school should try to find out the cause. Trustee, teacher and patrons should get together and see where the trouble is. Each and every school in the county is graded according to the State Course of Study, with little or no room grading. Perhaps it is the fault of the parents that children do not attend regularly; perhaps it is that the trustee employs teachers too often; perhaps teachers have not been adequate for children to finish as they should have been. This county of 12 pupils has quite a number of boys in it, and we are going to try the best trying to reach high school. Of course, we don't expect to see very many of them will pass, and as there are many papers to correct we expect teachers will not be rushed before the second Saturday in February, but judging from the way they have worked and knowing, as I do, most of the pupils in school I am counting on a large number passing.

Next regular teachers' meeting Saturday, February 12th, at 10 o'clock. All teachers will please attend before or bring the 6th month's report with them. Please take the calendar and notice that day, but please don't forget your salary if the 6th month's report is not in my office.

This week, in checking up the 5th month's reports for the five months so find that a few of the teachers have made a mistake as to give their fourth and fifth months' reports and closed. This is how was due to time lost, amounts to anything unless he is "anti."

Held For Grand Jury Were Renaker and Williams

Calaway Butler

The examining trial of Barry Renaker, charged with the crime of harged with the crime of wilful storage house near Renaker, on the L. & N. railroad in this county, on the night of December 31, 1915, was held before Judge W. H. Dye in the county court on the 1st inst. The cases occupied the entire day, Wednesday afternoon and Thursday forenoon. Renaker was committed to the grand jury in the sum of $500, and Williams was given a bond of $300. Attorney Green Tarleton appeared for the defendants in the examining trial, alleging that the evidence failed to do so. Renaker was placed under bond, his bondsmen being approved by the court at once. Renaker gave bond in the sum of $500, and was released on the 1st inst.

Hog Cholera Conference

The Third Annual Anti-hog Cholera Conference will be held at the State Fair Grounds on Wednesday, February 16th, 1916, at 10 o'clock a. m. Dr. Hugh Dickson, Chief Veterinarian, Dr. Main Hamilton, Veterinarian, and J. W. Connaway, of Missouri, will be addresses the meeting. Other addresses expected are Messrs. Hall, Bowles, Gaines, Hall, Bowles, Gaines, Nixon, Good, Mutchler, Porter and McKee. Remember the date and arrange to attend the meeting if possible.

Hogwallow Happenings

Hogwallow Knobs (Lucky) Much heavy rain fell and it is from here to Hogwallow Knobs and other points as soon as the roads get fixed.

Otis Hancock, who with his family moved to Lucky last spring, is now moving back to the old home place.

Mrs. Perkins was seen headed toward the Cliff Hills recently, and it is reported that she is now attending social and revival meetings, and is quite busy at present. We have to watch in the night and day.

Cricket Hicks went over and called when caught him at the other place recently, but the other party was not at home. Cricket is in the frequent condition of being broke, but he says that his financial conditions were so bad when he left Hogwallow that he thinks he starts five cents to next year.

A good work crowd was well represented at the Tuckers spring house Saturday night for a large and representative audience. As usual, an ample feed prepared, savory work was known to get the best of the appetites for the feed, which comes next Thursday night.

Two new pairs have been installed to assist in toting the big load each of the new offers. The four years have stood the strain well for the most part of the years, having been limited somewhat in the latter section, with the possible exception of the trip to Hog Cholera will house.

Do You Find Fault With Everybody?

Pre paredness

Men may differ about preparedness for war, but all of us believe in preparedness for most things

It is preparedness that sends the runner over the tape ahead of his rivals. It is preparedness that enables the advocate to easy judge and jury each his logic. It is preparedness that enables the manufacturer to out-distance his competitors. It is preparedness that has made the General Roofing Manufacturing Company

The Big Gun of the Roofing Business

The General's preparedness consists of the three largest and best equipped roofing and building paper mills in the world

Each is a complete producing unit, manufacturing the full line of the General's products. Each is advantageously located in the territory it serves, has cheap fuel and favorable transportation facilities.

The General buys raw materials in enormous quantities and far ahead. This means favorable buying and the pick of the market.

With manufacturing so perfected and cheapened, the highest quality is produced at the lowest cost.

The preparedness enables the General to make one-third of all the rolls of roofing sold. All over the civilized world you will find

Certain-teed
Roofing

The quality of roofing cannot be determined by looking at it nor by hanging or heating. Its durability can not be learned except after a test of years. The General Roofing Company to protect every user of CERTAIN-TEED Roofing or asphaltic product of the General Roofing Manufacturing Company, has established a staff of Inspectors whose duty it is to see that every roll of CERTAIN-TEED is manufactured in accordance with a blend of time tested materials. Behind every roll of CERTAIN-TEED Roofing is the responsibility of the General Roofing Manufacturing Company, backed by its $20,000,000 of assets and its 43 mills, the largest roofing organization in the world.

CERTAIN-TEED Roofing is sold by weight, not by the roll. Each roll bears the label shown here. Look for it. Behind this guarantee

CERTAIN-TEED Roofing is the best roofing that you can buy at the price you want to pay. Any dealer anywhere can tell you what it is worth. Ask him.

WOMEN SHRINK FROM MODESTY

Bear Grievious Ailments Rather Than Make Conditions Known

The subjects of complaints peculiar to women is a delicate one, yet it is a plain duty to let those sufferers know that most of the derangements from which they suffer are due primarily to nervous debility.

Many a suffering woman, inflamed by shrinking modesty, has borne this grievous condition without complaint rather than make a personal appeal. When women say, "I am all run down, so nervous and weak," that means they are victims of the modern malady.

Such women, and they are a legion in every community, suffer headaches, backaches, loss of appetite and sleeplessness. Their spirits are always depressed and their lives free of the normally happy ones of their more fortunate sisters. Often, too, there are spells of nausea, weakness, or even fainting, that make them feel insecure and wonder when they will be embarrassed, or even in danger, because of their condition.

For such suffering women, Tanlac, the tonic, tissue builder, appetizer and invigorant, is ideal. Tanlac builds up the system, promotes digestion and proper assimilation of food, vitalizes the blood and brings back healthy color to the cheeks and lustre and sparkle to the eyes.

Tanlac can now be obtained in Carlisle at Foreman's drugstore, where its merits are fully explained. Adv.

Advertising a Sale!

YOU don't leave it to the middle of the road and go to a farm post to read a sale bill to you? Then why expect the other fellow to do that?

Put an ad in the Mercury. Place it where it will be seen by the most people. Tell what you have to sell, when you will sell it, and where you will sell it. Then watch the crowd that will attend your sale.

If you have a sale and want to sell everything, tell the people so. Tell them you have no reserve, but that everything will be sold to the highest bidder.

If you have a sale and want to sell part of what you have, tell them so. Tell them what you have to sell, when you will sell it, and where you will sell it.
