Ford Leaves Them All In The Rear.

More than twice as many sold in this county for the year than all others. This shows you what people think of the FORD.

We have sold out, and over sold—looking for a carload and part of them are sold. Get busy and put in your order while you can get delivery. Foolishness to talk Ford merit here—the world knows it.

See the wheel in our show window wrecked in collision with locomotive, and you will see why the Ford has such wonderful service.

Democratic Achievement And G. O. P. Muddling

[From the New York World]

Vetoed Republican in every session assembled writhed in hopeless terror over the weak, vacillating, incompetent Democratic party.

The weak, vacillating, incompetent Democratic party" or its "do-nothing" record in 1907, when the president of the senate was Democratic.

Mr. Carpenter will enter upon his duties as Kentucky's assessor immediately. There are about 50,000 which will have to be listed for taxation. It will be a big undertaking, but Mr. Carpenter is equal to the emergency.

Homer Carpenter Chosen As T. U. Chancellor

Transylvania and the College of the Bible have switched signs, as before entrance to reach their new stands. "Old College" students may be 1923.

The new position of Chancellor was been created primarily to enlarge the attendance, and Rev. Homer W. Carpenter, of Shelbyville was soon appointed to the position.

Under the direction of President Crossfield and the Executive Committee, Mr. Carpenter will devote a large part of his time to the student interest. He will have to administrative functions, and will not be a financial secretary, while he will contribute greatly in securing money for the endowment and building enterprises which the institution has now under consideration. He will also lead in the promotion of Education Day, which seeks to secure gifts and endowments from all the Christian churches of the State.

Mr. Carpenter has been minister of the Christian church at Lexington for the past seven years and is serving his third pastorate as successor of the International Christian Endeavor Convention.

The Rev. Mr. Carpenter was born in Hendersonville, Ky., and was graduated in the academic department of the College of the Bible in 1896.

Mr. Carpenter was the Kentucky delegate to the World Student Christian Federation Quadrennial Conference held in Holland in 1911, and represented the Disciples in the Northern International Christian Conference held in Toronto, Canada, in 1913.

Historic Fair Sued

Two suits against the Bourbon County Agricultural Association, one of which is for $5,000 damages, will make the Bourbon County Fair, which is to be held in Paris August 1st to 4th, one of the most interesting in the history of the association. The first suit was filed by Mrs. Mary Lee Hall, of Paris, who was injured in the automobile race at the fair last year. The second suit was filed by Mrs. Lewis Duerson, of Paris, who was injured in the same race. Both suits are for $5,000 damages.

Heat Snuffey Killed

Lieutenant Richard C. Saufley, aviator who sailed late last month to aeroplane fell into the English Channel. He held the altitude record for hydroplanes, having ascended to 16,000 feet last March. He was a son-in-law of Judge Ed C. Grace.

Road Complaints In India

It is a long way from the Dixie Highway to the Ganges River, but there is a road complaint in India full of young men from Indiana, where they have gone to do missionary work, that he had a Chautauqua Cake. Mr. and Mrs. Matthew Brown, of Mt. Summit, Ind., and Dr. and Mrs. Charles Smith, Ind., are among the doubtful list of those who are without further information.

There are about twenty individual shortages who will have to pay to the Fiscal Court as assessor, although suppose the amount will be small. Mr. Carpenter will enter upon his duties as soon after the November Election as he can make the returns in the clerk's office for tabulation. It will probably be the middle of December before he will be able to get his salary. The salary is $3,000 per year, and he will be paid by the Bank of Commerce, Lexington, and transmitted through the Weather Bureau. U. S. Department of Agriculture is as follows:

WHEAT

June 1 forecast, 9,630,000 bushels production last year, final estimate, 9,240,000 bushels.

Tax Campaign Is On

Democratic Convention in Session Today for Next Primary

The County Board of Equalization met in the Court House this morning at 9 o'clock for the purpose of hearing complaints as to the assessment of property for taxation. The Board is composed of Judge Ed C. Grace, Sheriff Ben Hall and Assessor Carpenter.

The Democratic Convention is in session today for the purpose of nominating candidates for the various offices to be filled at the November election. The convention is composed of delegates from the various precincts in the county, and the number of votes each precinct is entitled to is based on the vote cast for Governor at the last election.
