

THE CARLISLE MERCURY

Every Other Car On The Road Is A Ford, And Half Of The Others Would Like To Be.

There is a mighty good reason. Ford cars are filling a place in every field of human activity. For service and economy they are unequalled.

You had better get yours while we have them. When the rush comes we may be unable to get them for you.

Remember we have the Westinghouse Starter and Lighting System for Fords, and this equipped your car with a battery and a generator.

Now is the time you will need tires, and don't forget we have them, bought before the advance and will make you a good price.

Don't forget to have your motor cleaned and be ready for good weather. Call us when you have trouble on the road, and remember we have in stock at all times every part of a Ford that you are liable to break.
