

The GIRL and the GAME

A Story of Mountain Railroad Life By FRANK H. SPEARMAN

SIXTH INSTALLMENT HELEN'S WILD RIDE

HELEN'S WILD RIDE. Helen's wild ride was a most exciting one. She had never before experienced such a thrilling journey.

As the train chugged along, Helen felt a sense of freedom and adventure. The scenery was breathtaking, and the ride was truly unforgettable.

The train stopped at a small station, and Helen stepped out to take a walk. The fresh air and the view of the mountains were just what she needed.

During her walk, Helen met a young man who was also enjoying the view. They struck up a conversation and discovered they had many things in common.

The young man's name was Tom, and he was a student at the local university. Helen was intrigued by his stories and his passion for the outdoors.

MANY ORCHARDISTS OPPOSED TO PRUNING

Many orchardists are opposed to pruning their trees. They believe that pruning will harm the trees and reduce their yield.
