BRYSON, KERNS & COMPANY

Real Estate Of Every Kind And Character

Howdy, Folks: Been so tarnal busy with our new Golden Rule Grocery and meat store that I haven't had time to write our usual real estate advertisement. Of course, you have missed us, but we'll be "Johnnie-on-the-Spot" from this time on. Took a little "flyer" over the country one day this last week and say, Bo, we certainly saw some fine farms; want to tell you about 'em as we go along. Most of these farms were in Woodford county, known as the Asparagus Bed of the Garden of Kentucky; some language, what? And yet Woodford county bears out the bragadocia appellation as above. Some one has said that when God made the world He made Kentucky, as the typical garden spot of the entire universe, and He picked out Woodford county as the place of all places for His asparagus bed. Certainly there are some fine blue grass farms there, but for all that, a careful buyer can get a good farm in Woodford county at a reasonable price; for instance:

We saw a blue grass farm in Woodford of 250 acres, belongs to a former Robertson county man, nearly all in the most luxuriant blue grass, magnificent buildings, beautifully located, a magnificent Kentucky home, and a little, old hundred dollar per acre will buy it; pay one third and take your time for the rest. Looks good, doesn't it? We'd like to sell this good farm to one of our good Nicholas county farmers; we'd be doing him a favor sure; we'd be doing him a favor and we do like to favor our many friends. Get yourself "fixed" and let's buy this farm. It's a bird, no mistake about that. It's a White Man's Home in a White Man's Neighborhood.

The best farm in Nicholas county is our hands For Sale; do not care to discuss this farm with any but bona-fide buyers. When we say the best farm in Nicholas that is saying a good deal, but we'll stand by it.

Who says there's nothing in advertising? Last week we mentioned especially our great coffees: The Silver Sea, sold by Russell Mayes, and the John Bloom 25-cent coffee sold by John M. Brown; and say, you'd better believe they have been calling for these coffees ever since. "Didn't know you had it," one good woman said. "Glad to know that you have it," said another. The result was the same, they bought. And, folks, believe us when we say that these are great coffees. So is Brown's Pride, a 30-cent can coffee, and Russell's Parity, 30 cents a can, while for a ground coffee that's got the real aroma, fit for the Gods, just try one can of Russell's Mocha-Java, 40 cents, nothing better anywhere. If you want to grind your own coffee and want something higher priced than the 25-cent coffee, try a pound of Brown's Mexican, the coffee with the "kick" to it and a very, very fine coffee.

Also a good 20-cent and a good 15-cent coffee.

For one good, clean, smiling Simoleon, commonly known as one dollar, we will sell you a pretty gallon and a half bucket containing 4 pounds of good coffee and an extra good thing, cup and saucer. It's a "snap."

Fresh steaks, fresh roasts, fresh pork loins, minced ham, country hams (sliced or whole), everything that looks, tastes, or smells like meat. And it must be the very best that money can buy or we will not be satisfied; in fact we'll not have anything but the very best.

Bring us your eggs, your sidemeat, your hams, your butter, your beef-hides, your butter, any other kind of produce or farm products, and we will pay the highest market prices, cash or trade.

A good (no better) can of tomatoes, two cents; that fine Maine corn, two cents; 10 cents; Early June peas, 10 cents; Sweet potatoes, 10 cents; a fine California canned peach, heavy syrup, a regular 20-cent peach, we sell 'em 2 for 25. Fine stock of Olive Oil, in 10, 25, 50 and 75 cent sizes; also that fine table oil, no odor at all, Wenona Oil, 25 cents for large can. Wenona Oil, 25 cents for large

Having just printed and delivered our latest revised directory, we most respectfully urge that Carlisle is now too large to continue the old fashioned way of calling by names instead of by number. This is not mentioned for the reason that we are not accommodating, which idea might be conceived by some, but byreason experience has taught us that calling by number is the only way of handling the business to insure prompt and efficient service.

If you cannot find the number with which you wish to communicate, or if you wish information regarding any number or names you find, or do not find in the book, call Chief Operator, who will cheerfully give you the information or connect you with the Manager who will always lend a helping hand.

Who Spoils the Children?

There was a discussion held recently among a crowd of men about the spoiling of children. Some of the men said it was the father's fault. They said that fathers were too indulgent and that every day they let it take them to shave. If they took the job of father seriously and really put some time and thought on it, there would be a different story." But most of the fellows seemed to blame the mothers.

The Greatest Rubber initiatives of the Age have been developed in GOODRICH Laboratories,—a group of buildings purposely isolated, and remote from the Factory

INTEGRITY—and the House —behind the Tire

THE greatest Word in the whole Lexicon of Commerce is NOT "Service!"

It is "INTEGRITY!"

Because, that term embodies Good-faith,—Dependability,—the *Intention* to play fair, at any cost, as well as good Service.

Its essence, so far as business is concerned, consists in living up to the last letter of that Americanism, —"The Square Deal."

It demands from its practitioners not only a due respect for the Rights of Others (whether they be strong enough to enforce these Rights, or weak enough to be at the mercy of the strong) but *goes further.*

It implies a charitable attitude toward those well-meaning persons who see "Rainbows," and who *cannot* live up to promises they really *intended* to keep.

An old-fashioned Virtue is this "Business integrity," —sometimes crowded close to the Wall by that modern idolatry called "Business Expediency."

But,—there being something MORE than Money, worth striving for, in Business Expansion, (as *well as* Money) this old-fashioned Virtue lives on, thrives and flourishes, in many quarters, like the Folk-Songs of a Nation that never die.

May we here pay *tribute* to "BUSINESS INTEGRITY," wherever it abides, and, with all due modesty, CLAIM it as the Watch-word which has ruled *Goodrich* Activities over 47 years of Rubber Manufacturing, Selling and DELIVERING!

"BUT,—does this Policy of Business-Integrity pay, in *Dollars and Cents?*" the Cynic may inquire.

Years *even that* cold-blooded standpoint we may answer (to the growing youth of this country) YES!—it HAS said even in *material* Success.

—Witness the Goodrich growth from a very small "Acorn" indeed, to the 90 Square ACRES of *Floor Space in the largest Rubber Factory at the World,* at Akron,—requiring 15 Square ACRES of Window-Glass alone to light those Goodrich Factory buildings.

—Witness the *Tire output* of 1915 which, if the Tires were placed flat on the ground in a row, would reach *more than 1,500 Miles,*—from New York City to Omaha, —although Tires are only one of the 250 lines of Rubber Goods made by Goodrich.

—Witness the present Staff of 18,147 People, who produce the 129,000,000 pounds of Rubber Goods manufactured, marketed, and shipped, during the year, by *Freight,* from this Goodrich Factory, in addition to the 10,000,000 pounds manufactured and shipped by Canal, from same Factory during same period.

Contrast this Goodrich Rubber Goods Output, with the *total Imports* of Crude Rubber into the entire United States, during 1915,—172,068 42 pounds,—round the total WORLD *Consumption* of Crude Rubber for same year,—412,000 Tons, or 284,000,000 pounds!

Then, who shall question that the Goodrich Watch-word and Policy, of "INTEGRITY FIRST" pays, even in material Results.

—This, exclusive of the Good-will, Prestige, and Public Confidence that flows from 47 years *consistent practice* of such a Policy, which may well be worth as much more, in *personal satisfaction,* to each Goodrich Stockholder, each enthusiastic Officer, and each loyal Employee of the B. F. Goodrich Co.

But, "How does this Concern YOU, the Consumer?"—you now ask.

It concerns you, first of all, as a *proof* that Square-dealing, Straight-thinking,—and Business-Integrity PAYS,—even in Coin of the Realm.

It concerns each Parent,—and the Son and Daughter of each Parent,—as a vivid *demonstration* of the fact that the modern god of "Expediency," is a *false* god,—and that all the brilliant feats, and dexterous manipulation of facts, which pass current as "Expediency" are needless, for permanent Success.

It concerns the Consumer of, or the Dealer in, Rubber Goods because he *knows* that, in dealing with a House of Integrity he can TRUST the Statements, the Products and Trade-Marks, of *such* a House, *implicitly,*—can save Time and Trouble and can abandon that costly and unpleasant *Watchfulness* which is necessarily involved in buying anything under the old Law of Caveat Emptor, (let the Buyer beware).

WHEN, therefore, the largest Rubber Factory in the World (with a 47 year Experience in Rubber-Working) and 47 years of *Business-Integrity,* (good-faith demonstration, and Square-dealing, TELLS you that *Money can't buy* BETTER *Fabric Tires,* at any price than *Goodrich* Fabric Tires at their very *moderate "Fair List"* price,—you can well AFFORD to believe it.

When they tell you that nothing *but* Business Integrity prevents their charging you prices *as high* as those charged for other Makes of Tires, of no better quality, you can *rely* upon this:—

The difference in price is then a REAL Saving.

It is the *Cash Value,* to you, of dealing with a House which has *made "Integrity" its Watch-word* through 47 years of Rubber Manufacturing and Selling, and which has *never yet sacrificed* Principle to Profit, nor Good-faith to Expediency.

Then accept this SAVING which Goodrich Integrity brings to you every time you buy the best Fabric Tires in America, at the following "Fair List" prices:

Goodrich "Fair-List" Prices

BLACK "BAREFOOT" SAFETY-TREADS

37 × 5	$37.35
38 × 5½	$50.60

Goodrich "Barefoot" Tires

LIGHT in weight, and close grained,—because relatively free from insect subtenures or "fillers" that give excess Weight to Rubber, at the expense of Liveliness, Springiness and Endurance, Goodrich Safety-tread Tires, of black "Barefoot" Rubber, are therefore Lively, Springy, Clingy, and Long-lived.

Through their high *Pneumatic* quality, they give "Pep" to Car-Action, while stretching out Mileage, per Dollar Invested, in a way that sets Users thinking.

More than 250 different Makes and Brands of Auto Tires were made and sold in U. S. A. last year, 1915, to the total extent of about 12,000,000 Automobile Tires.

Of that 12,000,000 total Tires, the B. F. Goodrich Co. made and sold *one-fortieth.*

Yet,—Tires are only *one* of the 287 different lines made by the Goodrich Rubber Factory.

This indicates why Goodrich Best-In-the-Market Fabric Tires are be, and are, sold to Consumers (via Dealers) at the lowest price in America per delivered Mile of Performance.

Compare price-list on left column and see!

Goodrich Truck Tires

REPLACEMENTS of *other* Makes of Truck Tires with *Goodrich* Truck Tires during last four years were as follows:—

1913	"	" "	6,372
1914	"	" "	10,725
1915	"	" "	14,000

These Change-overs to *Goodrich* tell their own story to the Hauling Truck Owner.

Goodrich Bicycle Tires

HERE, in America, the B. F. Goodrich Co. was the *first* and *largest* Maker of Pneumatic Bicycle Tires, developing, among other types, the famous "Thread-Fabric" Tire called the Palmer Bicycle Tire.

"*Integrity*" of Construction, and Square-Deal in Treatment of Consumers and Dealers, results in our *holding* this largest business in *America* on *Bicycle* Tires, as well as on Truck Tires, and *Automobile* Tires.
