rite for these shears!

For a very trifling cost you can get these Genie shears which are made of selected cutlery material hardened and keen-cutting edge, and care-fully finished.

They are highly nickel-plated, giving a bright, shin finish. Hand-blending makes the iron smooth. Tempering them sharp-ly fits a glove. Different in construction ordinary shears.

Who have you to get these unusual shears or a good package of Arrowhead Colton's? Who have you or ground from your grocer-ies the signature "Arrowhead Shears" from the paper and send us the signature, with only 25 cents!

We make this exceptional offer because we know you try Arrowhead's you will never be satisfied with any other.

Don't delay—send it now!

Be sure the signature and name are on before offering. You will regret it if you don't advance this special premium offer and get the shears.

Write to Mrs. Ellen Hardin Boyle, care of her father, Mr. J. W. Boyle, 71 Water St., New York.
