MONDAY A Paramount feature with Cleo Ridgely and Wallace Reid in "The Golden Chance."

TUESDAY We will present the rip-roaring, spectacular photoplay, "The Juggernaut," with Earl Williams and Anita Stewart in five thrilling acts, full of action. Don't miss this picture. You sure will appreciate it.

LYRIC THEATRE

To Our Subscribers

We began recently to send personal letters to each of our subscribers who is in arrears. We hope each one who receives a letter will answer promptly and help us out in the struggle to keep the paper the increased cost in all materials that go to make up a newspaper.

The margin of profit in a subscription at $1.00 a year is so slight as to be small that the loss of one dollar effects the profit on several subscriptions. Then waiting until 1917 for a dollar that should have been paid in 1916 is another profit-killer. Be a good fellow; sit down right now and answer that letter, if you got one, or remember to answer it when it does come.

THE WOMANS CLUB

Miss Fannie C. Rawson, of the Library Commission of Frankfort, was the guest of the Moses Hall Friday and Saturday.

On account of not having a complete list of the contributors to the free library the publication of names has been deferred until next week.

Miss Fannie C. Rawson, of the Library Commission of Frankfort, spoke at the Christian Church Friday evening in the interest of free public library. Miss Rawson has a charming way of presenting her subject and the good amount of good it brings public library means to a town and no one could hear her but to become interested and feel that our town must have a library.

The Woman's Club met at the regular on Monday afternoon. At the business meeting, which came first, the following officers were elected for the year of discussion. Most encouraging news was reported from every phase of this work. The books are cleaned and newly painted and will be ready for the opening of the library next Monday afternoon at 2 o'clock. The club members have very generously lent their services to help at the opening and the committees of Carlisle will encourage them by using the reading room and will help boost this project. Every body boost! Thank you.

The regular programs at the Moses Hall will be given by the ladies in charge of the music committee each Tuesday evening. Program:

Instrumental solo—Miss Robertson.
Vocal solo—Miss H. B. Sapp.
Reading—Mrs. W. B. Fuller.
Vocal solo—Miss Robertson.
Vocal Duet—Miss Robertson and Mrs. Squires.

The committee have heartily approved and executed. Various audiences are always pleased at Miss Robertson and the Woman's Club wishes to thank her for her kindness in donating her services for her entertainment. Don't forget! We hope the other members of the Moses Club will favor us with a call and the whole program was most enjoyed.

The Pride of Purse and Person

Such a pride demands two things in Clothes

First, STYLE, that peculiar combination of attractive fabric, correct cut, smooth fit and comfortable 'feel' so prized by vigorous men.

Second, ECONOMY, that real through and through Value in materials, workmanship and wear, at a price that pleases the pocket-book.

Our Fall Line now on display is a triumph of Efficiency, Value and Economy. Make your selection before the other fellow gets the one you wanted.

1882 SAM K. VEACH 1916

Quality First, Style Too.

Nowadays

the papers contain a great deal about the high cost of woolens, the scarcity of dye-stuffs and the rise of labor—which is all true and which must affect the price of clothes.

BUT WE WERE ONE OF THE FEW HOUSES IN THE OHIO VALLEY WHO WERE FORTUNATE ENOUGH TO HAVE MADE OUR FALL PURCHASES IN THE EARLY PART OF 1916, THEREBY ENABLING US TO SELL THE SAME QUALITY GOODS NOW AT THE SAME OLD PRICES YOU PAID LAST YEAR.

We are now ready with all of our New Fall Suits, Overcoats, Shoes Hats and Furnishing Goods. A look at them will tell you far more than pages of printed type that we could write.

Our Messrs. George Burrows and Ross C. Owens will be in Carlisle on Monday, October 9th at the Kimbrough House displaying our new goods. Come in and see the new things whether you intend to buy or not. But we consider it a wise idea to buy early, because prices are not going to be lower later on.

SCHOOL NEWS

The next teachers' meeting will be the 21st instead of the 14th. Those are two reasons for this change—One is that we want to arrange our teachers' meetings on pay days and as the first draft does not come until the 15th in time to be paid out the second Saturday. To be sure to have the first month's salary we thought it best to change. Another reason, the examination questions will be ready the 14th to the 20th and we want to give them to the teachers at the next meeting.

Every teacher will be expected to attend this meeting as the first month's salary will be paid that day if the State draft gets in.

The reports for the second month have been coming in very promptly from teachers and trustees. Only a few have not been sent in.

The attendance in some of the districts is better than last month but in some cases it is worse. The schools that had such poor attendance last month should improve this, and two schools that had among the best in the county last year are far behind in attendance this year. We hope the teachers and trustees will see the patrons and find out what the trouble is. The authorities have been very lenient with the parents who have failed to send their children to school regularly, no doubt of tobacco, but no more excuses will be accepted unless those allowed by law. Attorney will be sent in each school explaining the law and the penalty. Mr. Cohen says he will see that every parent or guardian who fails to send every day is punished to the extent of the law.

We are sorry that scarlet fever is still upsetting from district to district. Only a few cases, but it seems to us if the disease was handled according to law that it could soon be stamped out. I met with a member of the State Health Board one day last week, who gave me the law for preventing the spread of diphtheria and scarlet fever and he says that as soon as a physician pronounces a case either of these diseases he should at once notify the County Health Board who shall forward to him a blank and the disease he should at once notify the County Health Board who shall forward to him a blank and the name of the disease on it, that the inmates of the infected home shall be quarantined, that in cases of scarlet fever the quarantine should not be lifted for 30 days. That physicians attending these diseases shall wear rubber clothes when visiting such patients. That persons whose homes are quarantined shall remain on their own premises and no others enter except nurses and physicians. If persons refuse to abide by such restrictions that guards shall be placed over them.

It seems to me that if ever "an ounce of prevention is worth a pound of cure" it would be applicable in the case of contagious diseases. Schools could be closed by physicians, by trustees, nor by the county board until ordered by the county health board and that after every precaution has been taken by law to keep the disease from spreading.

Trustees elected last Saturday will not be sworn in after until the next March, and the new county board will be organized then.

I will be out of the office until Saturday.

LIDA E. GARDNER,

There is a Real Difference

Cream of tartar, derived from grapes, is used in Royal Baking Powder because it is the best and most healthful ingredient known for the purpose.

Phosphate and alum, which are derived from mineral sources, are used in some baking powders, instead of cream-of-tartar, because they are cheaper.

If you have been induced to use baking powders made from alum or phosphate, use Royal Baking Powder instead. You will be pleased with the results and the difference in thriftiness of the food.

THE WEEK IN CIRCUIT COURT

After being out an hour, the jury in the case of John Shrout, charged with the murder of his brother, Jesse Shrout, brought in a verdict of guilty and fixed his punishment at from eight to 21 years in the penitentiary.

This was the third trial of the case. The last trial, at the May term, Shrout was given sixteen years in the penitentiary. The case was appealed and sent back for trial.

The jury in the case of Guy Linville, charged with the murder of Wade Linville, returned a manslaughter verdict, giving Linville a term of from six to twelve years in the penitentiary.

The case was given to the jury Friday night, but they were unable to reach a verdict until Saturday morning. Linville pleaded temporary insanity at the time he shot his wife and turned the weapon upon himself. The following was the jury in the case:

C. M. Poland	Walter Cook
O. S. Jacobs	Green Freeland
Ramey Smith	Mike Curry
C. J. Booth	S. J. Booth
Allan S. Griggs	Allison Mitchell
Will McErlain	David Banta

Harrison Lowe, charged with shooting Edgar Williams, a 11-year-old colored boy, was given three years in the penitentiary by jury Tuesday morning in Circuit Court. Lowe shot the negro boy, while fooling with an old pistol, he claims accidentally. The shooting occurred on the 27th of June, on the Hixcox Ridge pike. The boy before identified Lowe as his slayer in the dying statement.

The following was the jury:

Allison Mitchell	Ed Clavell
L. D. Irvin	Rainey Smith
Ed Callahan	S. S. Griggs
Phillip Sugg	J. F. Stone
C. D. McLean	Lewis Linville
C. M. Poland	J. T. Booth

The case of W. R. Flora vs. Mrs. Lucy Flora, involving a dispute over a horse trade, which was given to the jury Monday and was tried Tuesday morning and the jury returned a verdict for Flora for $66 and costs.

The case of Donald Richards & Co., vs. S. J. Frymas was tried Wednesday. Verdict for plaintiff of $69.52.

Court will adjourn today.

Some Crowd

All good Democrats claim that the Democratic speaking here Monday had something to do with the presence of such a large crowd in Carlisle. Anyhow, the audience that heard Hon. Thomas H. Slattery, of Maysville, speak, gave him good attention. A good Democrat says more people came here to hear Tom Slattery than went to Lexington to hear Hughes.

Mothers Club Notes

The Mother's Club met with Mrs. Henry Potts on Monday afternoon, September 25.

After the rendering of a very interesting and profitable program on "Physical Culture For Boys" a committee was appointed to secure handy plants for the lot in the rear of the postoffice.

The first number of the Lyceum Entertainments to be given under the direction of the Club is "The Hapsburine Quartet" which will be at the Orpheum Theatre on Monday evening, October 23. This company of entertainers comes here very highly recommended.

ANOTHER WAREHOUSE

Paris is to have another loose leaf warehouse. Those interested in the new company are: W. A. Thomason, C. C. Clarke, James McClure, Wm. H. Whaley, M. E. Jansby, Samuel Harding and Jos. Leach. The Huteberaft warehouse will be remodeled by the new company.

Diphtheria--Scarlet Fever Proclamation

At a meeting of the County Board of Health, held in the office of the County Judge, Oct. 6, 1916, to take into consideration the prevalence of diphtheria and scarlet fever in various sections of the county, it was resolved and ordered that every school where a case of diphtheria and scarlet fever is prevalent must at once be closed and kept closed, and every house that has, or may have, or become affected, shall be thoroughly disinfected and the house quarantined so as to leave the premises for thirty days under the penalties of the law. It was further ordered:

That, when any physician shall know or suspect that any person who has recalled upon to visit has diphtheritic, membranaceous croup, scarlet fever, or any other communicable disease dangerous to the public health, such physician shall immediately give notice to the County Health Officer and likewise quarantine. If any physician is in doubt and suspects either of above communicable diseases, it is his duty to call in the Health Officer whose diagnosis shall determine such cases as will thereafter be governed. Any physician who fails to report such cases is violating the law and will be prosecuted for so doing. It is the duty of the County Board of Health to prosecute all such physician, and it is also the duty of the County Attorney to assist in the prosecution. The Board warns any physician who ignores the law governing communicable diseases and for the first time is all vigorously prosecuted.

Physicians are further warned not to wear same clothes on the streets and attending patients that they wear when visiting cases of diphtheria, scarlet fever or diphtheria patient, as they are as liable to carry scabs from a patient to otherwise as any family where the disease exists. Physicians should also wash thoroughly with bichloride.

JAMES MITCHELL, Chairman. O. S. KASH, Health Officer

Letter From State Board To The County Health Officer

Dear Doctor—

Last year showed an unusual death rate from Scarlet Fever and Diphtheria. Reports coming to the Board already indicate a considerable increase in the number of cases of Scarlet Fever for 1916 to date over last year. I am mailing you, under separate cover, a copy of the October 1915 Bulletin on Communicable Diseases, and especially invite your attention to Rule 3 on page 11. You are instructed that Scarlet Fever and Diphtheria are quarantined for 30 days, and no patient will be released from quarantine until two negative reports have been received from the State laboratory or one city laboratory.

Also please note Rule 3 on page 10. Under no circumstances should a quarantine in a case of Scarlet Fever be raised in less than thirty days. In England the minimum quarantine is thirteen weeks even in the mildest cases. Please keep children away from the premises, and prevent them from coming home, through alleys, or through the house, to and from school. Please see that no case of Scarlet Fever is released from quarantine until every case existed have already disclosed twelve diphtheria carriers. Very Respectfully,

A. T. MCCORMACK, Sec. State Board Health.

WHICH SHALL IT BE?

Grellick is said to exist in the Fiscal Court regarding the appointment of a County Road Engineer. Judge Mitchell is said, favors Roy Sousley, but the Squire Grellick favors the nomination of Mr. Sousley.

It is claimed that a majority of the members favor the appointment of Mr. Nelson, the present engineer, who was appointed by Judge Mitchell to succeed Mr. Joe Williams.

OLD FASHIONED COURT-DAY

All of Nicholas was in Carlisle Monday and all of the adjoining counties were well represented here. Some gentlemen state that it was the largest crowd that has attended court here in twenty-five years. Be that as it may, it was some country-day and politics as well as trade got in some good licks. Mayslick Independent, News. Ranking buying about 100, and John Adams, of Winchester, 25. Will Whaley, of Paris, bought 9 horses at from $75 to $127.

Jas. Ranking had as many good acres for tobacco as any farm of 200 acres anywhere. Is about 5 miles from Carlisle; excellent house, two splendid tobacco barns, a first-class NEW stock barn, 32 by 60 feet, 2 silos. Owner claims to have at least 100 acres in tobacco and stripped out of the 180, and he's actually fooling with enough to make a good farm at SEVENTY DOLLARS an acre. It takes it in three payments. Let's see, two tobacco farmers, and GO TO IT!

Now let me tell you about a couple of good Boone County farms:

No. 1—has 106 acres, back of the farm runs down to Hinkston Creek (that sounds good, doesn't it?), 90 acres of bluegrass, a good 8-room house, 2 extra good tobacco barns, crib, smoke house, barn-yard, chicken-house, etc., fine shade, well watered, and it's cheap at $125.00 per acre.

No. 2—is an excellent farm in a magnificent neighborhood, on a good pike and has 145 acres, a good 6-room house, plastered and papered; tenant house, cistern, two silos, 50 acres of clover, 25 acres of bluegrass, 40 acres in crop. It is a RED SOIL FARM and the back runs into Hinkston. Standard and registered a no'd proud of the "pedigree, what? Jim?" "No, not exactly," I said, "How many acres, Jim?" And I said, "Ninety acres, No. 1 is 106 acres in it, a 5-room house and a 5-acre barn, on a good pike close to school and church, excellent neighbors. I sold this farm two years ago and just before the sale was concluded I said to the buyer (the present owner), "Jim, I will bet you a good acre of tobacco land are on this place." He said, "You say."
