ESTABLISHED 1867--OLDEST NEWSPAPER IN NICHOLAS COUNTY

VOL. 11 CARLISLE, NICHOLAS COUNTY, KENTUCKY, THURSDAY, OCTOBER 19, 1916 NUMBER 42

SCHOOL NEWS

Draft for teachers' first month's salary came in Saturday; school will be good. Teachers' meeting is called for 10:30 and all teachers who are in the district at that time will be paid, but no one will be paid from 10 o'clock until after 12 o'clock as we cannot attend to the program for the meeting and also pay at the same time.

Any teachers who care to attend the Eastern Educational Association at Lexington this Friday and Saturday may do so, but Friday will have to be made up as the county board did not close for this meeting as the teachers are not required to attend unanimously to visit Berea College two days and Prof. Frost gave the Nicholas county teachers a cordial invitation to be the guests of Berea School while there. We are going Key, 3-4 as that is the Rural School Year in Berea and in addition to visiting the excellent school plant and observing the work, our teachers will get some splendid ideas for our own school which shall have here in December.

Any teacher, however, who wishes to go to Lexington this Friday may do so and it will count the same as attending teachers' meeting and I can give you your check at time to go on the 31st of this month.

Pupils report books are all in now and teachers can get them Saturday.

The following trustees were elected Saturday, Oct. 7: Davis A. Chatterton, Jr., Verbena, wine, without opposition; Sugar Creek, N. A. Hutson; Clayton, E. H. Thomas; Barefoot, Charles Fleming; Hutchinson, Jesse Bald Hill, G. W. Shepherd. Division B: Harris, Lon Sparks; Ingalls, W. E. Crocket, no opposition; Stoney Creek, Ira Sellers; Goose Creek, W. L. Hunter; Blue Lick, G. W. Selby; Elmwood Valley, E. T. Flora; Ishmael, Will Mann.

Division C: Maple Grove, Van Jones. There were elections to be held at a few other districts in this division but we have not had the returns. Division D: Mrs. Chas. Linville, no opposition; Miranda, Jno. Scott; Mt. Vernon, James Wade; Wilson, a tie between A Davis and Jonas Layson. Both men have served as trustee and both were good ones. The votes were cast, 33 each. The law declares a re-election and next March before the new county board is organized a new election will be filled by appointment. All of the county trustees hold office until next March. Millers, Isonville and Howard.

Mrs. Taylor will soon be thru spending a day in each school and as soon as she turns over the reports of all the school and we find the condition of what is needed in the school.

I hope the large membership of the Ninth Congressional District will not submit to being swallowed up, since we have more members than the seventh and eighth districts combined. Ours was the birthplace of Moonlight Schools—Bowman county. Ours has a county possessing the best system of consolidated schools in the State—Mason county. Ours is the birthplace of the Teachers' Organization—Nicholas county. Our district has the county in it that has led the State in attendance at school for the last three years, having 74.7 per cent in attendance. This county is Nicholas. Our district is the largest in the State, having 19 counties. Our district has had the largest Congressional District Educational Association in the State. Last year we had over 1,000 present at Mt. Sterling. Cynthiana, Nicholas furnishing 600 of the crowd. We don't know by whose authority our association was changed off. We know that Carlisle and Augusts invited the association to meet at either place. We think that a vote on questions as abolishing or consolidating districts should not have been should vote. We believe in getting together and discussing problems in roundtable discussions, in short addresses, etc. We think that was and is the true intention of the district associations, and then all attend K. E. A. and listen to addresses by visitors.

LIDA R. GARDNER.

CARD FROM SAM K. VEACH

Dear Mercury:--

I have learned, with a good deal of satisfaction, of an effort being made by our Women's Club to organize and perpetuate a free Public Library here. This is a most laudable undertaking, one that is seriously needed in this community, and is fraught with the establishment of a good thing which is being enjoyed by many other cities and towns in our state, some of them not more than half the size of ours.

Carlisle's and Nicholas County's girls and boys, women and men are of as high order as of any city, town or county in Kentucky, and nothing which can be had in the way of Educational advantages is one bit too good for us.

The Women's Club deserves our personal sacrifices to get this good thing going, and they need and are entitled to every moral and financial influence and aid they can get, and it's a great pity that we don't all join in a movement like ours such women as these to lend in matters of so much importance for good to the entire community.

Let every man of us take care to see these good women, see what they are doing, see what they need, and give them a whole hearted boost. Let every man help some it will be an easy matter to put this thing on foot and keep it straight up and running, and it will be to the benefit of every one of us.

I understand these folks have had to secure quarters for rent, this, in my opinion, ought not to be, and especially as this is a public matter in which everybody is vitally interested, and when there are unused (for public benefit) rooms in both our County Court House and in our City Building. These buildings both belong to the public, and certainly when the room is wanted for and belongs to the public some of it should be available for this Public Free Library, which will be open to every man, woman and child in the county for free use of its books.

Let's every man of us keep these good women in the lead, for I'm sure we can't afford to, and see to it they have what they need to make this thing go.

Yours for the Library,

SAM. K. VEACH.

USES COAL OIL IN AUTO

Soon the term, "Benzine Buggy," will be a misnomer, if the coal oil carburetor, which John Burton, of Cincinnati, brother of Mr. Rhoades Burton, of this county, is perfecting, comes into general use.

Mr. Burton was here Sunday to visit his brother, having made the trip from Cincinnati in a Ford car, using 8-cent grade of coal oil. Mr. Burton stated that the run was made without mishap and that he is now using it on every day of 75 miles or more, without a hitch.

He will not put the new carburetor on the market, however, until it has been thoroughly perfected.

FOUR TAKEN TO PENITENTIARY

Probably the largest number of prisoners ever taken at one time from this county to the State Reformatory at Frankfort, left here last Friday in the custody of Sheriff Parker and Deputy Sheriff Jones.

The prisoners were: Guy Linville, 6 to 12 years; John Shrout, 5 to 10 years; Harrison Lowe, 2 years; Will Morgan, colored, 2 years. The first three were manslaughter verdicts; that of the negro for breaking and entering the store of Mr. Tom Clarke.

Morgan had served a term before and he was placed at work in the Reform factory. The other prisoners had not been assigned their duties Saturday.
