Worth Careful Thought

Do you read the label to know whether your baking powder is made from cream of tartar or, on the other hand, from alum or phosphate?

Royal Baking Powder is made from cream of tartar, derived from grapes, and adds to the food only wholesome qualities.

Other baking powders contain alum or phosphate, both of mineral origin, and used as substitutes for cream of tartar because of their cheapness.

Never sacrifice quality and healthfulness for low price.

Potts Hotel For Sale at Public Auction.

Matured age compels me to retire from an active life to a more quiet one, therefore, I will offer the public hostelry, known as the Potts Hotel, to the highest and best bidder, on

THURSDAY, NOVEMBER 2, 1916,

at the hour of two o'clock

The building contains 12 rooms, 3 halls and a bath, and is situated on Lot No. 3 (Corbett). It is not only an ideal one for the hotel business, but for a private residence as well. It is centrally located, being only a few feet of Main street, and is opposite the public square. Forty rooms have been recently painted and papered and the building is in splendid repair. The beds and bedding as well as floor coverings will go with the building.

I have had active charge of the hotel business at this location for 11 years, and I can say, there has not been a year during this time that I have not made good money. I am free to say that I have made very good money, but I could not have done so without a life as the business requires.

The purchaser will be given possession on the first day of December next. Terms: One-third cash, balance in three equal annual payments, with interest at 6 per cent. from date. Deferred payments will be secured by mortgage on the property sold.

For further information call on the undersigned.

A Card From The Mothers' Club

We feel a word of explanation is due the public for the Mothers' Club. The good number of which was given last night at the Auditorium. The club had the assistance of a splendid Quartet, consisting of saxophone, cornet, trombone and French horn players, with a Scotchman Reader. What we did I have not been able to classify, other than very "busy amateurs." We are so sorry that the people who failed to buy tickets lost the money in our possession, as the Bureau will have to make it up to us in some way. I am sure they will be glad to do so as not all who were kind enough to patronize us to look forward to the next number with more pleasure than ever before. We feel Monday's performance so quickly as possible.

MRS. HENRY M. POTTS,
President Mothers' Club.
