For Sale at Public Auction  
**Saturday, December 22**  
At 1:30 o'clock, P. M.

on the premises one mile from Carlisle, Ky. I will sell as above the  
GOLDEN RULE, known as public utility one half of one  
acre from being about one mile from Carlisle. The land will be  
sold in two tracts and form a  
This farm has no improvements on it, and is practically all  
open fields tobacco land, nearly the entire average bearing 4-5  
bushels of a year, and some of it grows to very early.  
The whole tract contains from 12 to 15 acres and will be  
divided into two tracts of 6 to 8 acres. It is especially  
fine that a new plan will be built along the entire front at a very  
early date, depending upon growing season this year.  
Every acre of this tract of land is susceptible of cultivation  
and will grow good tobacco on any other crop grown in this  
country.  
At this time when all kinds of crops are bringing surpluses  
and prices the land should be particularly in demand as ONE  
CROP WILL PAY FOR THE LAND.  
The time of sale is set for 1:30 P. M., Saturday, December 22,  
1917, so as to allow ample opportunity for prospective purchasers  
to get a look at the land. In view of the fact that you are not ready  
for extensive and extravagant improvements but for the land  
side.  
This is an opportunity that comes very rarely to get GOOD  
LAND without a great deal of improvements that are not wanted.  
Try to get this land within a mile of Carlisle and it is  
hard to find a site without running into it in the country  
to look after your work, crops, etc.
