Winter Brings Cold to Children.

A child that goes through the winter without a cold or cough is a wonder. The reason is that the winter season is the best time for the child to get a good cold. The cold is the best thing for the child to get, as it builds up the system and makes the child more resistant to disease.

Just think for a minute...

How many friends have you? Not the fellows who borrow from you—I mean the chaps who will fight for you. Fellows who believe in you—who stick by you through thick and thin. You can count them on one hand, can't you? But listen to this—I have several million down South here. And why? Because I've been on the level.

You can count them on one hand, can't you? But listen to this—I have several million down South here. And why? Because I've been on the level.

You Folks of the South KNOW Good blood!

You Folks of the South I NOW Good tobacco!

I have friends down South, and I keep them - because quality does that. And it means a whole lot when I say:

I am guaranteed by *The American Tobacco Co.* - Buy me. If you don't like me return me to your dealer and get your money back. I have said it. A Southern gentleman is known the world over for keeping his word, and I have given you mine.
