

## A LASS OF THE LUMBERLANDS

BY E. ALEXANDER POWELL

NOVELIZED FROM THE MOTION PICTURE SERIAL OF THE SAME NAME PRODUCED BY THE SIGNAL FILM CORP.

Many days had passed since the day when the lass of the lumberlands had been seen by the eyes of the world. She had been seen by the eyes of the world, but she had not been seen by the eyes of the world. She had been seen by the eyes of the world, but she had not been seen by the eyes of the world. She had been seen by the eyes of the world, but she had not been seen by the eyes of the world.

The lass of the lumberlands had been seen by the eyes of the world, but she had not been seen by the eyes of the world. She had been seen by the eyes of the world, but she had not been seen by the eyes of the world. She had been seen by the eyes of the world, but she had not been seen by the eyes of the world. She had been seen by the eyes of the world, but she had not been seen by the eyes of the world.

The lass of the lumberlands had been seen by the eyes of the world, but she had not been seen by the eyes of the world. She had been seen by the eyes of the world, but she had not been seen by the eyes of the world. She had been seen by the eyes of the world, but she had not been seen by the eyes of the world. She had been seen by the eyes of the world, but she had not been seen by the eyes of the world.

The lass of the lumberlands had been seen by the eyes of the world, but she had not been seen by the eyes of the world. She had been seen by the eyes of the world, but she had not been seen by the eyes of the world. She had been seen by the eyes of the world, but she had not been seen by the eyes of the world. She had been seen by the eyes of the world, but she had not been seen by the eyes of the world.

The lass of the lumberlands had been seen by the eyes of the world, but she had not been seen by the eyes of the world. She had been seen by the eyes of the world, but she had not been seen by the eyes of the world. She had been seen by the eyes of the world, but she had not been seen by the eyes of the world. She had been seen by the eyes of the world, but she had not been seen by the eyes of the world.

The lass of the lumberlands had been seen by the eyes of the world, but she had not been seen by the eyes of the world. She had been seen by the eyes of the world, but she had not been seen by the eyes of the world. She had been seen by the eyes of the world, but she had not been seen by the eyes of the world. She had been seen by the eyes of the world, but she had not been seen by the eyes of the world.

### EARTH, SAND-CLAY AND GRAVEL ROADS

By J. H. GIBSON

The road problem is not a new one. It has been a problem for as long as there have been roads. The road problem is not a new one. It has been a problem for as long as there have been roads. The road problem is not a new one. It has been a problem for as long as there have been roads.

The road problem is not a new one. It has been a problem for as long as there have been roads. The road problem is not a new one. It has been a problem for as long as there have been roads. The road problem is not a new one. It has been a problem for as long as there have been roads.

The road problem is not a new one. It has been a problem for as long as there have been roads. The road problem is not a new one. It has been a problem for as long as there have been roads. The road problem is not a new one. It has been a problem for as long as there have been roads.

The road problem is not a new one. It has been a problem for as long as there have been roads. The road problem is not a new one. It has been a problem for as long as there have been roads. The road problem is not a new one. It has been a problem for as long as there have been roads.

The road problem is not a new one. It has been a problem for as long as there have been roads. The road problem is not a new one. It has been a problem for as long as there have been roads. The road problem is not a new one. It has been a problem for as long as there have been roads.

The road problem is not a new one. It has been a problem for as long as there have been roads. The road problem is not a new one. It has been a problem for as long as there have been roads. The road problem is not a new one. It has been a problem for as long as there have been roads.

The road problem is not a new one. It has been a problem for as long as there have been roads. The road problem is not a new one. It has been a problem for as long as there have been roads. The road problem is not a new one. It has been a problem for as long as there have been roads.

### THE RECIPE LADY

By JANE GIBSON

The recipe lady is a woman who knows a thing or two about cooking. She has a recipe for everything. She has a recipe for everything. She has a recipe for everything. She has a recipe for everything.

The recipe lady is a woman who knows a thing or two about cooking. She has a recipe for everything. She has a recipe for everything. She has a recipe for everything. She has a recipe for everything.

The recipe lady is a woman who knows a thing or two about cooking. She has a recipe for everything. She has a recipe for everything. She has a recipe for everything. She has a recipe for everything.

### FARMING NOW A BUSINESS

The Modern Day Farmer Adapts and Seeks More Than a Living on the Farm.

A million-year-old way of life is being made more and more a business proposition, and probably never was so much so before. The farmer is no longer a man who grows food for his family and neighbors. He is a man who grows food for the world. He is a man who grows food for the world.

The farmer is no longer a man who grows food for his family and neighbors. He is a man who grows food for the world. He is a man who grows food for the world. He is a man who grows food for the world. He is a man who grows food for the world.

The farmer is no longer a man who grows food for his family and neighbors. He is a man who grows food for the world. He is a man who grows food for the world. He is a man who grows food for the world. He is a man who grows food for the world.

The farmer is no longer a man who grows food for his family and neighbors. He is a man who grows food for the world. He is a man who grows food for the world. He is a man who grows food for the world. He is a man who grows food for the world.

The farmer is no longer a man who grows food for his family and neighbors. He is a man who grows food for the world. He is a man who grows food for the world. He is a man who grows food for the world. He is a man who grows food for the world.

The farmer is no longer a man who grows food for his family and neighbors. He is a man who grows food for the world. He is a man who grows food for the world. He is a man who grows food for the world. He is a man who grows food for the world.

The farmer is no longer a man who grows food for his family and neighbors. He is a man who grows food for the world. He is a man who grows food for the world. He is a man who grows food for the world. He is a man who grows food for the world.

### Why Not Take Your Vacation in a National Forest?

If you can afford to go to Colorado the federal government will lend you a magnificent playground of thirteen million acres in which to disport yourself and enjoy the world's most gorgeous scenery.
