THE CITY STORE

And still the merry war goes on: not the war with Germany, which is more than ready: but this awful war has not yet been brought to a successful conclusion; but we refer to the war on HIGH PRICE'S which the CITY STORE has been waging and in which our big cannons have been firing 13 inch shells labeled $$$$.

"Fifty Per Cent Off On Ready-Made Suits."

We are still carrying on this fight and as long as there's a "shot in the locker" we'll continue to say "READY-MADE SUITS FOR HALF PRICE." And you know the old City Store well enough to know that when we say HALF PRICE And no more.

We are making the same fight on our beautiful line of SHOES. TAKE THIRD OFF THE REGULAR PRICE and the selection is fine.

Now, folks, do not let these prices first-class goods go by you and then say "Oh, I wish I had gotten one of those splendid suits or one of those pleasant Coats while you were selling them at such unheard of reductions." Don't be looking for bake door after the horse has been stolen. The thing to do is to BUY THEM NOW while the stock is large, the style right, and the selection good.

CHAUTAUQUA is coming next month -and you want to be ready: you'll want a thin dress or two in dainty stripe or plain shade, or a sheer and neat organdie in plain or beautiful figure (Organdies are the nicest thing ever made for summer wear). Our stock of Voiles and Organdies is amply exquisite and we know that we can satisfy the most fastidious taste.

Why not a Sport Suit of Pongee? Make it up in plain or the large Sport figures with large pockets

Tailor Made SKIRTS in wool and silk--they're great: we have them in stripe and Sport patterns at the latest styles, big pockets.

Are you going away? You will want a TRUNK or a SUIT CASE: we have them and they are RIGHT--and you will always need them. Buy one for your vacation trip. You'll need it next year too

FANCY HOSE:--It has been a great season for hose, and we have them in all colors and combinations, black, white, tan, rose grey, stripe, checks, etc.

FANS for the summer--all kinds and qualities and the kind to suit every buyer.

All the little things for home keeping needs in greatest profusion. Curtains of lace and scrim, window shades, and the greatest stock of CARPETS, MATTINGS, LINOLEUMS, RUGS, etc., ever seen anywhere.

The City Store will welcome you as it has always welcomed you. Our ambition is to make THE CITY STORE of today just what THE CITY STORE was in the days of old--THE PEOPLE'S STORE, where everything needed can be had and where every customer will feel that he will be served with the RIGHT style and quality. This is the reputation, we fondly believe, that the City Store has had always in the past, and to the maintenance of this reputation we dedicate our efforts, our ability, and our experience.

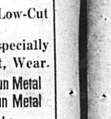
VOL. 1.-- CARLISLE, NICHOLAS COUNTY, KENTUCKY, THURSDAY, JUNE 21, 1917. NUMBER 25

COMMENT



Elsewhere in this issue appears a letter from Mr. Herbert Hoover, whom the President has asked to take charge of the food situation of the nation, in which Mr. Hoover asks the co-operation of the press and the people in conserving the food supply. Here, at least all may do their bit for Uncle Sam. When an average family wastes in this country would feed a soldier for a year; would keep life in the bodies of the starving, who have been swept by the immediate horrors of war. If this country can learn to abolish waste; if we can learn thrift through the exigencies of war, we shall not have fought in vain.

Have you seen the program for the Carlisle Chautauqua, which begins next Tuesday? To our mind it is the best offering we have had since the lectures by Mr. Bryan and by Captain Vickery, of the British army, a year ago. Every number is worth while. Where some of them are unusually attractive, we intend to spend two dollars to hear three of the lectures and many more interesting addresses, not to mention an especially splendid musical program. Nearly all county citizens have undertaken to bring their entertainment to and you should get them your quota. Ask any man you meet in Carlisle--he will tell you where to get it.

Give your heartiest support to the movement to raise funds for the work of the Red Cross. You may be helping to make your son buy or your daughter's pay comfortable, while sick and wounded in a foreign land. All over the nation steps are being taken to make our Red Cross more effective, and in this we are sure the good people of Nicholas will do their full share. Elsewhere in this issue will be an article telling of the formation of a Red Cross unit in Carlisle.

"German thought and the world have one common enemy," says Dr. Nevinson. --[Year-book of German American.

German thought just now may well class the universe as enemies, but it is Anglo-Saxon thought, the world nation has, for Heaven's sake, let's call off our war-dogs and get back to politics.
