JUDGE HYLAN IS WINNER IN NEW YORK CONTEST

Laurels Fall to Democrats—Mitchell a Poor Second, and Hillquit Third

TAMMANY MAN CARRIES TICKET

Winning Mayoralty By More Than 100,000—Suffrage Is Put Over By Big Majority—Republican Is Elected Attorney General.

Western Newspaper Union News Service.

New York.—Woman suffrage was carried in the state of New York in Tuesday's election.

Early returns from two thirds of the election districts in the state gave a suffrage majority of 57,000. If this ratio should be maintained it will be apparently in favor of the constitutional amendment by approximately 50,000.

Returns from 2,820 election districts out of 3,232, in the state outside of Greater New York, 434,226; no, 350,351.

Election of Merton E. Lewis, Republican candidate for attorney general in the state assembly.

Socialists elected six members of the state assembly in New York.

Upstate returns showed no change in the composition of the senate.

New York—John F. Hylan, a county judge of Kings county, was elected Mayor of New York by a plurality of more than 100,000.

Returns with him the entire Democratic city ticket, including Charles L. Craig for comptroller; Alfred E. Smith, now sheriff of New York county for president of the board of aldermen, and Edward Swann for district attorney.

The indications are that the Democrats will have a majority in the board of estimate, which controls the expenditures of the city.

Mayor John P. Mitchel, who sought re-election as a Fusion candidate, although not formally nominated by any party, was a poor second in the race. His vote is 1,396 districts out of 2,082 in the city was 145,453, compared with 295,435 for Hylan.

Morris Hillquit, the Socialist candidate, about whom rallied most of the radical elements in the city and all those who favor an immediate peace, was third, with 118,930, and William H. Bennett, who unexpectedly won the Republican primary nomination from Mayor Mitchel, was fourth, with 112,943.

From the time the returns were received at the Republican club until the result never was in doubt. It was at first Hylan had scored an enormous landslide victory and again brought control of the city administration into the Democratic fold.

Most of the newspapers which had supported Mitchel, and that included all in the city except eight, declared William H. Hearst, one of Hylan's opponents, the victor.

Hillquit was the first of the unsuccessful candidates to admit his defeat.

The Republican county committee of the city of Brooklyn at 7:30 o'clock on Tuesday night had Hylan undoubtedly elected.

Before sending Judge Hylan a telegram congratulation upon his election Mayor Mitchel made this statement:

"There is nothing to be added to the mandate which the city has given to Judge Hylan.

"All good citizens owe to the new administration the same cooperation which they have accorded the present administration.

"With our nation at war there is no room for division. It is the duty of all of this city have selected Judge Hylan as their representative to conduct for the city's energies with those of the nation. Every one will wish Judge Hylan the largest measure of success in discharging the great responsibility which is now his.

Hillquit conceded the Socialists had elected 10 Aldermen and several Assemblymen.

The tremendous Socialist vote was the surprise of the election.

The total vote cast in the municipality election was only 312,721. This year Hillquit ran a close third to Mayor Mitchel, and many electors who were in the East Side districts of Harlem and the Bronx, he received more votes than Mitchel.

Had the election been close, the Socialist would no doubt have had one of the 65,000 soldiers and sailors from the city who are now in Government service, but if all of them voted for Hillquit it could not change the result. All the ballots of the men in France in camps and on board ships will be counted at the same time at the state's seven weeks hence.

ROOSEVELT SENDS REGRETS.

Oyster Bay, N. Y.—Commenting on the early returns of the New York City vote which showed the election of Judge Hylan, Colonel Theodore Roosevelt said: "I heartily regret Mr. Mitchel's defeat. I also sorely regret that Morris E. Lewis was not elected congressman in the Bridgeport District of Connecticut."

VIRGINIA GOES DEMOCRATIC.

Richmond, Va.—Scattering returns from the state election indicate that Davis, Democrat, leading T. J. Nance, Republican, for governor, and it is stated that the state at large would probably elect a Democratic ticket.

REPUBLICAN CONGRESSMEN WIN.

Bridgeport, Conn.—Schuyler Merritt, Republican, of Stamford, was elected congressman in the Fourth Congressional district over Lyon [illegible], D.

REPUBLICAN TICKET WINS IN CINCINNATI

SWEEPING VICTORY IS RECORDED—GALVIN HUSTON OVER ALLEN, FORMER CONGRESSMAN

Wets Win By Big Majority While Suffrage Gets Staggering Blow. Charter Wins Easily.

Western Newspaper Union News Service.

Cincinnati, O.—John Galvin, Republican, was elected Mayor of Cincinnati by a plurality of a few hundred more than 8,000 at last Tuesday's election.

Assessor Mic Galvin on the Republican ticket got large majorities, ranging from 12,000 to 13,000.

Alfred G. Allen, former congressman from the Second Ohio district, Democratic candidate for Mayor, led his ticket in almost every precinct of the city and ran nearly 7,000 ahead of the next highest man.

It is a close race between George F. Cartel for City Auditor and Charles Kilbert, Municipal Court Clerk, for the latter having a plurality of a scant dozen votes in both cases still in doubt.

The Republican ticket for Municipal Judge received 12,000, but it did not reach the majority of 13,000 which would have given it the home at 41 Grand, was assured.

Eleventh, they made a remarkable showing in the normally Democratic districts, notably the Fifth and Seventh wards.

Only one Democrat, Judge Bernard Dempsey, was elected to the bench.

The city charter by a vote of more than 2 to 1 was adopted. The boss and tax levies went through by overwhelming majorities.

It was evident at an early hour that the wet forces had made a clean sweep for practically every candidate on the Republican party.

The opposition for the Republican Councilmen at large and the candidates for Mayor made a campaign to indicate the people did not disapprove of the Republican record and candidates.

The contest for members of the Board of Education three of the candidates indorsed by the Republican machine while one man on the Citizens' ticket was elected.

Next to the contest for Mayor the interest centered in the wet and dry fight. The wets with 45,000 majority did not reach 50,000 in Hamilton county, and everyone said the state had probably gone dry caused a gloom in the Democratic ranks. The dry's gains in many precincts of the city and county.

Democrats were disgusted by the failure of Governor Cox to make a declaration for council at midnight only to be disappointed. Little disorder occurred at the polls, and Sheehan in the Twentieth, Twenty-first, Twenty-second, Twenty-third and Twenty-fourth districts.

There were considerable turbulence among the voters in the Seventeenth, Nineteenth, Twenty-first and Twenty-fourth wards.

PRESIDENT ALSO CASTS VOTE

Goes to Princeton Without Making Any Previous Announcement—Is Cheered by Students.

Washington.—President Wilson traveled to Princeton, N. J., to cast his vote at the state legislative election, returning to the capital immediately after voting.

A secret schedule of his special train was arranged to avoid crowds at the route, but the President was given a hearty reception by Princeton citizens and by students.

Accompanying the President were Mrs. Wilson and Dr. Grayson, his physician. Mrs. Wilson, who also cast her vote, voted in a walk about the corner from the home of Professor Woodrow Wilson, where Mr. Wilson exhibited his ballot to a group of reporters who had planned when head of the institution.

KLAIR AGAIN IS ELECTED

To Kentucky Assembly and Carries Lexington Democrats to Victory Over Republicans.

Lexington, Ky.—William F. Klair, chairman of the Fayette County Democratic committee, and members of the Democratic State Central Committee, was elected to the state assembly from this district and former State Railroad Commissioner Thomas Hay, Democratic candidate for the City Commission, and the entire Democratic ticket was elected, and gained absolute membership of the legislative party in Lexington and Fayette county through the election of Democratic candidates for the board of City Commissioners.

CLEVELAND REJECTS DAVIS.

Cleveland, O.—On the basis of the latest returns in Cleveland Mayor Harry L. Davis, Republican, has been re-elected by from 12,000 to 13,000 plurality over William A. Hitchcock, Democratic candidate. C. E. Ruthenberg, Socialist candidate for Mayor, has polled a surprisingly large vote. The Republicans elected two members to the city council.

FUSION MEN AHEAD IN CHICAGO.

Chicago—Results indicate that the Democrats have elected Thompson by a majority of 50,000 over Mayor Harrison, according to the Tribune. The campaign was conducted on a basis of national issues and questions.

First Illinois precincts of 2,440 in Cook county give Thompson a majority of 3,119 to 142 for the Socialist candidate, and from the strong Democratic wards showed that the citizens of that city have repudiated Mayor Harrison.

DEMOCRATS RETAIN FIRM HOLD ON KY. LEGISLATURE

Republicans, However, Are Successful In Gaining Over Their Present Representation—Several Surprises Were Sprung When Ballots Were Weighed—Morris Is Formally Chosen Attorney-General

Western Newspaper Union News Service.

Louisville, Ky.—Attorneys Republicans have gained several seats over their representation in 1915. Democrats in the election throughout the state of Kentucky have retained a hold upon both branches of the Kentucky Legislature. Late returns, which are not entirely complete, show that the Democrats have 22 state senators and the Republicans 16. A withdrawal of three races still in doubt.

In the legislature where the Democrats returned 51 winners, Republicans 32, with 18 undecided. It is expected eight of these will go to the Democratic, which would give the Democratic vote in the house at 61 majority.

In the 15 senatorial races supervised by the Thirty-eight District, Republican, all of which apparent ly have been carried by the Democrats, with the possible exception of the Thirty-sixth District, in which the returns are not certain. Republicans Democratic candidate, and Ben Kaigler, Democrat, appears to have a majority of 1,000 votes, although another count will be very small.

Believe Crisis Is Reached.

Washington.—Cable reports reaching here from Switzerland say Germany has reached the crisis so far as her war supply is concerned. For three years, according to these dispatches, Germany has lost on an average 1,200,000 men annually, and this year the loss will be at least 1,500,000. It is contended that to continue the war on the same scale another year the Germans must have at their command a reserve of at least 2,000,000 men, whereas they actually will have a reserve of only 1,200,000.

Casualties Total 21,891.

SUBMARINE SINKS AMERICAN PATROL

OFFICER AND TWENTY SEAMEN MISSING AFTER WAR VESSEL IS HIT BY TORPEDO.

Seventy-One Members of the Crew Escape—Craft Goes Down in Less Than Five Minutes.

Western Newspaper Union News Service.

Washington.—The American patrol boat Alcedo was torpedoed and sunk by a German submarine in the war zone early Monday, November 5, and one officer and 20 enlisted men are missing. The Alcedo, a converted yacht, carried a crew of seven officers and 91 men.

Beyond the bare announcement that the Alcedo had been sunk by a submarine, and the announcement of the names of the missing men, the navy department was without further information. The tonnage of the vessel, her name before going into the service of the United States navy or any other facts of the previous history of the vessel, have not been turned over to the United States Government by the department of the navy.

It was inferred and generally believed that the patrol boat was one of the numerous vessels that had been turned over to the United States Government by the French government for service in the war zone.

Pay Only for Good Ones.

It was recommended that shippers who purchase eggs pay for only those for the consumer. Candling is done, but no one has been to buy eggs by the case, without candling, before purchasing. Candling later was almost always sure to show a large percentage of which the eggs were bad. To get his money back, the shipper had to go to work away the bad eggs and raise his price, which was felt all along the line to the consumer.

An official report issued by the navy department reads:

"The navy department has received a report from Admiral Sims stating that on November 5 the United States patrol vessel Alcedo was attacked by a German submarine in the war zone.

"The officer and 20 men of the Alcedo with four minutes' warning left the vessel in boats. Seventy-one men were saved. No possible survivors of the 21 officers and 91 men."

The Alcedo is the first American warship since war was declared.

The destroyer Cassin was torpedoed, but she made port safely with the loss of only one man.

ROME CHANGES ATTITUDE

Efforts Toward Peace Abandoned As Result of the Austro-Hungarian Invasion.

Rome.—The gravity of the situation has created a lull at parties into one. Socialists, who had counted on the overthrow of the government of the United States, are not attempting to hide their disappointment. Their hopes of a revolution in Italy are effectively at an end. Socialists have practically ceased to exist. Their leaders in the chamber of deputies have lost their support to united Italy in the face of the enemy. The Socialist press is in full official quarters that the Vatican has been working for peace, but the most any attitude which might be construed to mean that the papal representations would be most unwelcome.

MINES TO BE CALLED ON

Fuel to Be Distributed to Meet Emergency Needs—Section Feel Pinch of Shortage.

Washington.—An order regulating for the Government 10 per cent of the bituminous coal mine in the country will be issued by the fuel administration soon. The coal will be distributed by the fuel administration to meet emergency requirements wherever they may exist. Producers will be keeping pace with the demand in the various districts of the country are feeling the effects of the car shortage, which is essential to the public welfare in many ways. Business is dull, and thousands and thousands of householders will be unable to purchase a winter's supply of coal.

Chilling of Eggs.

Chilling of eggs to 60 degrees Fahrenheit, or below, as soon after laying as possible, was advocated. Most eggs are fertile, and the life germ will deteriorate fast if not chilled. The chilling will check the bacterial growth develops very soon. Many producers were urged to equip their plants with the latest cooling machine.

Sell Eggs Quickly.

Eggs were also urged to be sold as quickly as possible. These are both fertile and infertile, and the latter are the best for the consumer. Eggs should be gathered by farmers daily and marketed at least twice a week.

Cause of Many Scandals.

The practice of selling poultry with food, used or spared in their crops which is paid for by weight with the birds, is condemned. Frequently the crop entirely empty. All birds should be kept in comfortable and sanitary quarters, and as soon as dressed should be chilled with all dispatch, or better, to prevent bacterial growth.

NOW ATTACK RED CROSS

Officers Directed to Trace Source of Pro-German Propaganda—Spread Rapidly.

Washington.—Pro-German propaganda, which has been directed against the government of the United States, but at the Red Cross so nearly in the open that Gen. eral Manager Henry P. Davison has sent a telegram to all division managers in the United States to report to him the source of every attack.

"Rumors are becoming critical and calculated to embarrass the Red Cross in its work," Davison's telegram said as part of an unpatriotic propaganda," said Mr. Davison. "Many are, utterly unwarranted in fact, emanate from unpatriotic sources and are parts of the country to be merely accidental."

Mr. Gibson intimates that the source of the propaganda is known. He says:

"Every criticism or innuendo against the Red Cross should be traced to its source and publicly exposed at once."

The storied city of Lvida, Our Lady of the Cross sells and keeps the Red Cross seals and keeps the money given for the soldiers. Another is that the money is used for political purposes.

Another is that the Red Cross is not doing its share of the work. Another is that it is advisable to abandon any activities at least for the present.

Of course such malicious activity is nefarious. As Mr. Gibson says:

"The Red Cross is not as an open book. It has no secrets. It is making a sincere effort to serve our soldiers, is doing it as carefully and economically as it is humanly possible to do it, and is being made to give publicity to all its activities."

$200,000 for Housemaid.

Alton, Ill.—Miss Carrie Putnisket of Alton is the heiress to $200,000 left by the large estate of Miss Matilda Lowery of Grand Rapids, Mich., who died in the Philadelphia recently. The Putnisket estimate is $1,000 a year for Miss Putnisket after Miss Lowery's death, and a lump sum of the while she was doing housework for a family living in Alton.

WOMEN REPLACE MEN IN MACHINE SHOPS

Ogden, Utah.—Women in overalls replacing men who have entered the military service of the nation or have volunteered for service with Uncle Sam's fighting forces, have made their first appearance here in the Southern Pacific shops. The road employed about a dozen of the fair sex when the first call for men was issued.

The women will get their first experiencing in "setting" scrap plate, engineer have hinged on the cab of the 65,000 soldiers and sailors from the city who are now in Government service, but if all of them voted for Hillquit it could not change the result. Believe Crisis Is Reached.

Washington.—Cable reports reaching here from Switzerland say Germany has reached the crisis so far as her war supply is concerned. For three years, according to these dispatches, Germany has lost on an average 1,200,000 men annually, and this year the loss will be at least 1,500,000. It is contended that to continue the war on the same scale another year the Germans must have at their command a reserve of at least 2,000,000 men, whereas they actually will have a reserve of only 1,200,000.

HOPE TO SAVE $50,000,000

Shippers Who Purchase Eggs to Pay Only for Those Fit for Human Consumption—Prompt Candling of Eggs Is Advocated.

Washington.—New methods and equipment to save the $50,000,000 worth of eggs annually destroyed in this country and make the poultry industry an effective ally in the cause of food conservation were discussed recently at a conference of representative poultry and egg shippers with the food administration.

The conference was addressed by the Food administrator, G. H. Powell, and H. Hoarty of his staff, and Dr. Mary Pennington of the United States food research laboratory, Philadelphia, and W. F. Priebe of the food administration provided.

The waste in eggs in 1914, according to the department of agriculture publication, cost the country $50,000,000. This year it will be fully as large, if not although the supply has been increased. Improper handling and marketing methods are also exceedingly responsible for food destruction, made practical food conservation suggestions, including Federal Boards for dealers.

BATTERED VETERANS RETURN

One Volunteer Describes Wounded Heroes Brought to Shell Dropped Among Stretcher Bearers—Two Will Receive Croix de Guerre.

New York—Some of the American college boys who went over to fight for France have returned, and the excitement of the work before the Verdun forts, where the German horde the ambulance work in the rear of the battle of Verdun. For two weeks the boys were under fire day and night and the roads were only passable at night. The ambulances were driven without lights, and the drivers were awful to get through, and were under fire all the time. During the night last week two of the boys had to get out and walk ahead of their way with their ambulances in the dark. Their headlights were of two dark lights, which revealed only the road immediately in front of the machine. Nuts, bolts, screws and other parts of the machine had to be handled by the drivers, and the boys showed remarkable strength and ability in this line. It is understood that them to work planning and repairing their machines above the yards and roundabout.

The "women in overalls" will be the subject of considerable comment as that given the men who have been doing the same work.

The returning salesmen believe if a sufficient number of women will do a day's labor, the amount of food saved will be large. Many women are now employed in glass large equipped with machinery for filling or in training, for the work. Others are employed in canning and working to offset a meal a day.
