FARM LANDS AND CITY PROPERTY

SAY, MEN, did you ever see any better time to look at land? Just look at the crops that are being raised right here in Carlisle and Nicholas county.

A. F. Kerns and myself are off for Shelby county this week to look over some of those good farms I have for sale in Shelby.

Here's a farm of 160 acres, well improved, well watered, and in a good neighborhood, that is a great bargain and should have a purchaser at once.

Here's a farm of 60 acres, all in grass, well fenced and watered, and a good 7-room house, with good barn and other outbuildings, that is a great bargain.

Here's a farm of 160 acres, a splendid stock farm, well improved, well watered and fenced, and right on the pike, only 4 miles from Carlisle. DON'T FAIL TO ADDRESS ADDRESS ADDRESS

Here's a farm of 190 acres, well improved and in a high state of cultivation, located 3 miles of Carlisle on good road, land lays fairly well, some timber, and a bargain. Must be bought at once. Address ADDRESS ADDRESS

Also, farmer, let me write you a few prices on your tobacco in the barn, the weed is going to sell high this year, protect yourself against loss by insuring with

Here's a farm of 60 acres, one of the best tobacco farms in Nicholas county, 40 acres of fine tobacco land, splendid improvements, good water, close to good crops, good orchard, well watered and fenced. ADDRESS ADDRESS

Here's a farm of 121 acres, located in Fleming county, near Ewing, 107 acres in grass, well fenced, well watered, with improved 8-room house, 2 tobacco barns, two houses, three tenant houses, close to fields and right on the pike. Price $100 per acre. Address ADDRESS ADDRESS

If you want anything in the farm and both are in good repair. There are also three good tobacco barns on the place.

The farm can be divided into two or three tracts, each with a house and barn on them. Two of the dwellings are on the road and the other acts back.

The fencing is all good, being built of the best woven wire. Never failing stock water and at each house there is excellent spring and well water. The farm is fenced in tenfields and there is plenty of tobacco land.

Anyone desiring to make money will do well to look over this farm. Mr Ritchie will take pleasure in showing the farm and for further information call on the undersigned.

DENNY GOOD TOMORROW.

Mr. Denny S. Goode, Secretary and Manager of the Lexington Commercial Club and Assistant Food Administrator of Kentucky, will address the people of Nicholas county at the court house Friday afternoon at two o'clock. Mr. Goode is a fine speaker and every county or town ought appoint someone to show their patriotism. Mr. Goode will tell them how splendid they may aid in winning this war.

The county and town have been divided for the week's campaign, which begins Monday, and every man, woman and child in the county will be given an opportunity to sign the pledge card and aid our government on this time of stress.

COUNTY SCHOOL NEWS.

The pie supper at the Butterville school last Friday night netted the school $28, one pie bringing over $3. Miss Lucile Hedges has always been well whenever attempting anything for the school.

Miss Nellie Brayfield, teacher at Hinkston Creek, reports a visit from Soldiers' Library Fund and $2.50 each for pupils of her school raised. This is a good fee that could be emulated.

We want to urge the teachers and trustees to see that the out houses of the schools are looked every night, and that the fire buckets are filled. Also see that a sufficient amount of coal has been delivered to each school to last for the entire term, the same amount being delivered each place. This was done last year and yet some of the schools had to close because they had no coal. Attend to the fires, stoves, etc., with the same kind of hosters would have to look after the children on the road. We are not saying who was to blame for this, but we simply want to call each teacher to see that the coal is delivered and that the fires and out houses are sympathetic to get the coal at the stove at the order of the teacher. We cannot see why there is not sufficient coal to run a school for a term. They have done this in the past if it runs out before the school is out it is the duty of the trustees to see that it is delivered. coal bills and out houses as reported by the men who have the coal and not and some of them did not have an warm houses as some of the children had to sit around with their hats on.

The schools all over the county are now in session, and we hope that they will not seriously we hear of a trustee, teacher or pupil who is not taking an interest interested in school meeting or in the improvement of the school house rather than this.

The attendance of the county board for June was very good, but it was changed to 7:30 with no recess in the afternoon. We would suggest that next we insist that schools in all districts be closed by the trustees and chairmen of division in order that the teachers may attend the meeting and that they shall always every teacher be present.

But we are very glad to say that only a very few have done this. Nicholas county has a splendid corps of school teachers and we have thirty-five of them in the county, and proud to say that they are.

We want to urge the teachers to see that their coal and the stoves and heaters after 1 o'clock as it is cold and dangerous to have a fire and a hot fire when leaving the school house.

We have several heaters in the county that are not safe and we hope that they will be replaced. I want to ask the teacher to please write the number of the heater, and we will see that the number of the heater, and we will see that the heaters are all heaters. Some have already been ordered and we hope that every one that is not safe will be replaced. Any one who makes the fire to take the ashes out of the heaters and not leave
