MARION ASKS A MINUTE

CHRISTIAN COUNTY MAN GIVES OUT MESSAGE TO THE PEOPLE.

Five Minute Man Says That Way to Help Saving Precious in Is By Forming War Saving Societies Among Friends.

Professor J. W. Marion, who has charge of the Thrift Stamp campaign in Christian County, gives to the New Era this message for the people:

I have been elected as a One Minute Man—to be a Four Minute man if I were—to help us put a message in three parts.

1.

The government needs the labor, materials and transportation which you deprive it of by needless spending. Stop competing against your government.

That means spending less for things you do not need now.

Then look what you save to the government by buying War Saving Stamps. The money you pay for them now will provide supplies and ammunition for our boys in France.

2.

You will find "going without" much easier and much more pleasant when your friends join you in saving.

The way to do this is join or to form a War Savings Society among the people you work with, play with, eat with, study with or live with.

The newspapers will give you further information and the War savings Committee will be glad to hear from you.

3.

Offer as a One Minute Man your services in any way you can.

Take one minute and tell some one—at least 1 have told you—and you, to be a One Minute Man—and be part of an message on and on!

Belief! All to good friends and neighbors.

LET EVERY MASON BE A SAVER FOR THE WAR

To the Subordinate Lodges of Kentucky.

The government is offering for sale to the people of the United States during the year 1918 an issue of War Savings and War Savings Certificates, which will afford every citizen a chance to assist in financing the war, and by so doing it possible that every man, woman and child in the nation may do his or her part in bringing the war to a successful termination. For this purpose of selling these Stamps, War Savings Societies are being formed in every city, town and village, and in every community there is a chairman who will be glad to furnish all necessary information.

I desire to urge upon the Masons of Kentucky the importance of having these Stamps placed within the reach of everybody to save where he may, from the smallest to the largest amount, and to this end I suggest that the Lodges in the immediate city of every Mason, be made to act as a War Savings Society, if you, friend, that this communication be read to each of the Subordinate Lodges and that wherever possible, the Lodge organize itself into a War Savings Society.

E. W. WEATHERS,
Grand Master.

CAN NOT SOME KENTUCKY TOWN BEAT THIS ONE?

Bonnie, Missouri, with a population of 275, has subscribed for $12,000 worth of War Savings Stamps, according to word from Postmaster P. F. Ferguson. Mr. Ferguson writes that if any American community has made a better record than this he would like to know of it.

SOCIETY PLAN IS GOOD

STATE COMMITTEE ON WAR SAVINGS HOPES TO EXCEED QUOTA.

Every State, Office and Factory in Kentucky Should Organize and Pledge Part of Pay Roll For Thrift Stamps.

War Savings Societies, organized in every factory, every store, every office, and among those more groups of people assemble to make their living are recommended by the War Savings Committee for Kentucky, but only to assure the over-subscription of this State's share of the $1,000,000,000 issue of War Savings Stamps, but point out the way to raise money, now and all time, for the successful prosecution of the war.

The plan of any office store or factory says a pledge card to save a certain proportion of their income and pay-day for War Savings Stamps.

Where the establishment is large, separate societies are formed in each department.

The proprietor or manager signs a pledge to purchase War Savings Stamps to the full amount allowed by law, which is $1,000 worth, maturity value, in the course of the year. Other employees sign a pledge to purchase, according to their means, from the maximum amount down to one Thrift Stamp or Series two, each pledge to the office boy.

A secretary-treasurer is then chosen, whose duty it is to see that the Stamps are on hand when pay day comes around, and that the subscriptions are collected according to their agreements.

Every advantage, from the standpoint of the employer, as the extreme cost of the Stamps, plus the does not have to pay any interest on the money, as the Stamps are purchased on the installment plan. He has no superior bookkeeping to install, for the delivery of the Stamps is made to each employee in a complete transaction. Every dollar paid in by the employee is immediately taken in his respective name only. There is no larger preliminary investment. The employer can send to the postoffice the day before pay day and buy Stamps for known the employees are going to take the most or and get the number back pay day.

Societies of employees are in the main, to be formed on the employees' own initiative, as the extreme cost of the Stamps plus. A BIT OF FINANCIAL HISTORY.

The credit of the United States is so high and unquestionable that in 1900, two years after the Spanish war, 2 per cent. bonds were offered for sale by Chairman Gage, of the Senate Finance Committee, and when it was explained that the United States 2 per cent. bonds in 1900 were as high as par in 1861 sought 110% on the stock market.

Mr. Gage said: "I do not see why the bondholders has ever lost a cent of principal or interest due to them, for ultimately have taken losses by the depreciation of the money in which the principal and interest were made payable. The bonds of the $1,500,000,000 issued in 1865 for the national currency stands the rugged honesty of the people of the United States and the sanctity of the
