

### News of the Week Cut Down for Busy Readers

Washington  
The national news, as reported in the past week, has been cut down to a minimum for busy readers. The news is presented in a concise and readable form, with the most important events and developments highlighted. This section is designed to provide a quick overview of the week's news, allowing readers to stay informed without spending too much time on the news.

### French Heavy Guns Advance Through Mud

With the French army's advance through the mud of the Somme, the heavy guns have been a major factor in the success of the offensive. The French artillery has been able to maintain a steady fire on the German positions, despite the difficult terrain. This has allowed the French to break through the German lines and advance towards the German positions. The heavy guns have been a key element in the French strategy, and their performance has been a major factor in the success of the offensive.

### French Cemetery Tells War Tale

The French cemetery at Arras tells a story of the war that is both tragic and heroic. The graves of the fallen soldiers are a testament to the sacrifices made during the war. The cemetery is a place of quiet reflection and a reminder of the cost of war. The French people have taken great care to maintain the cemetery, and it has become a place of pilgrimage for many people. The cemetery tells a story of the war that is both tragic and heroic, and it is a place that should be remembered and honored.

### European News

European news from the front lines shows a continued struggle between the Allies and the Germans. The French have made significant gains in the Somme region, and the British have also made progress in the West. The Germans are still holding their positions in the east, but they are being pushed back in several areas. The war is still far from over, but the Allies are gaining momentum and the tide is turning in their favor.

### Domestic

Domestic news includes reports on the home front, including the war effort and the impact of the war on the civilian population. The war has had a significant impact on the economy and the way of life in the United States. The government has implemented various measures to support the war effort, and the people have responded with a sense of patriotism and sacrifice. The war has also led to a greater awareness of social issues and a desire for reform.

### U.S.—Toucanian War News

U.S.—Toucanian War News: Reports from the front lines of the Toucanian War show a fierce battle between the Toucanians and the Allies. The Toucanians are determined to hold their ground, but the Allies are making significant gains. The war is a brutal and bloody conflict, and the stakes are high. The Allies are determined to win, and they are doing everything in their power to do so.

### Official Statements

Official statements from the government and the military provide a detailed account of the war and the government's policies. The government has announced a number of new measures to support the war effort, and the military has reported a number of significant victories. The official statements provide a clear and concise summary of the current situation and the government's plans for the future.

### LEVIN IN GERMANY; STEALERS

LEVIN IN GERMANY; STEALERS: Reports from the front lines of the war show a fierce battle between the Allies and the Germans. The Allies are making significant gains, and the Germans are being pushed back. The war is a brutal and bloody conflict, and the stakes are high. The Allies are determined to win, and they are doing everything in their power to do so.

### Lightship 71 Is Sunk by Submarine Skiff

Lightship 71 is sunk by submarine skiff. The lightship was carrying a large amount of supplies and was a vital part of the Allied supply line. The submarine skiff was able to sneak up on the lightship and sink it with a single torpedo. The loss of the lightship was a major blow to the Allies, and it is a reminder of the dangers of the sea during the war.

### Build Ships to Win War

Build Ships to Win War: The construction of ships is a vital part of the war effort. The Allies need a large number of ships to transport supplies and troops across the ocean. The construction of ships is a complex and time-consuming process, but it is essential for the success of the war. The Allies are doing everything in their power to build more ships, and they are making significant progress.
