FROM OUR BOYS HERE AND OVER THERE

France
August 5, 1918

My Dear Mother and Dad:—

Well, here I am again. I guess by this time you think I have entirely given up writing to anyone. I wrote you a letter about ten days ago, but I don't know whether you will get it or not.

As I told you I have been wounded. Luckily I was only slightly wounded in my right leg, below the knee, by shrapnel. I am in a French hospital at present and am receiving excellent treatment. Have been here since July 23rd and don't know how much longer I will have to stay. My wound is almost healed now—by another week I think it will be entirely healed. I suppose you have been following our movements pretty closely since the middle of July, have you not? We have been doing some very good work I think. I wish I could tell you of everything that has happened in the last month.

The last mail I received was about the middle of July. Don't know when I will ever get any more, as things are rather badly mixed up at present.

This is certainly a beautiful city. I am in one of the largest in France. We are having the most beautiful weather you ever saw. We get leave to go out into the city four days out of each week. It is certainly interesting to go out and sit in one of the parks and watch the crowds and the strange customs of these people. We get good "chow" here, but of course it is not cooked and served like American food. We have only two meals a day, 11 o'clock and 5—and in the morning when we get up we have coffee and bread.

One can certainly get a good rest here. The hospital is managed solely by Red Cross nurses from all over France, who pay for everything. They certainly treat one well and think there is no one like an American soldier. There are about 75 American soldiers here, also French and Moroccans. We have all kinds of books and magazines to read and I have done my share of ...

TEACHER'S INSTITUTE IS IN SESSION HERE THIS WEEK.

The Nicholas county Teacher's Institute opened here August 26, with Mr. R. M. Shipp, of Tennessee in charge. Superintendent R. D. Squires delivered the address of welcome.

Sixty-four teachers were enrolled—only two were absent on the first day.

Devotional exercises were conducted by the Rev. B. V. Bolton the first morning and Rev. W. P. Crouch the second morning.

Visitors at the institute the first day were: Miss Lida Gardner, Prof. Harris, of Winchester and Mr. L. S. Robbins, of Lexington and Rev. William Hamilton, of Oklahoma. Each made an address. Mr. Harris, of Winchester, was there in the interest of the State Normal School, of Richmond. Mr. Robbins, who is the agricultural agent for Nicholas, was there in the interest of his work, and Mr. Hamilton's address was on "Teacher's Tact."

Mrs. Tillie Feeback, Miss Katherine Taylor and Miss Martha Dorsey gave readings and special music was furnished by Miss Bettie Shaw, Miss Mae Wells and Master Robert Henry.

On Tuesday afternoon Prof. Shipp delivered an address to the Trustees of Nicholas and a large number were present to hear his splendid talk on this work.

Round table discussions are frequent and are an interesting feature of the institute.

Interesting sessions will be held until the close. On Thursday evening at 8 o'clock the Common School Commencement will be held in the High School Auditorium. The address will be delivered by Rev. W. P. Crouch, pastor of the Carlisle Christian Church. Twenty-four will graduate, this being one of the largest classes to receive diplomas since the county high school was organized.

This morning a representative of the State Food Administration will conduct a demonstration in canning and cooking. Ladies are invited to bring a sample of any pastry made without the use of sugar.

10 LIMITED SERVICE MEN TO LEAVE FOR NORTH CAROLINA

The Local Board received instructions Monday afternoon to entrain ten men from the limited or special service class on Saturday afternoon for Camp Greene, Charlotte, N. C. The Board has issued a call for the following men from whom the required number will be selected:

Clincie Cleo Jones
Shelby M. Hammond
Bruce Lawrence
Charles Alexander
Horace H. Roberts
Horace H. Roberts
Harry E. Day
Henry A. Dixon
Jerry E. Bromagen
Perry Hanson Dotson
Clinton Nathan Dayton
Archie Toney Humphries
Horace Tilton Barbee

Owing to a recent order stating that any man concerning whose physical condition there was any doubt in the mind of the Board should be examined before entrainment, an extra number of men were called. None of the men who go Saturday are qualified for first line duty.

FAR FROM A "DEAD ONE"

Sergeant Rankin, U. S. A., writing his parents, Mr. and Mrs. J. Milton Rankin, states that in an attack on the Germans July 19, he was hit by five machine gun bullets—one in the right shoulder, one in the left hand and three in the lower jaw, his neck and throat being pierced. He says he is far from being a "dead one" and is getting along as well as could be expected. He is in a French hospital in Vincent, near Chantilly, where they give special treatment for wounds in the face. Sergeant Rankin is a member of the 84th Co., 6th Regiment, U. S. Marines.— Cynthiana correspondence Lexington Herald.

CITY SCHOOL NOTES

On next Monday, September 2nd, the Carlisle Graded and High Schools will open for the year 1918-9.

Surely it is not necessary to announce that all pupils in this district are expected to attend. The High School is open and welcome to all students who have completed the course of study and have been passed from the Eighth Grade, or who have a certificate of promotion from the rural schools.

I am sure the Board of Trustees are interested in every boy and girl attending school during the year. This year any of the school age who are not in school will be put in by law.

Boys and girls, the summer months have passed and gone; you have had a good time at both work and play, now your teachers ask you to come prepared for a good year's work.

Some of the boys and girls who failed or practically failed last year have been studying in order to make up the time lost; others have been very diligent workers to make a grade. All this is indeed laudable and should receive encouragement, but it will be necessary for all such to take an examination at the beginning of school.

The Parent-Teachers' Association numbering 132, are hoping to increase their membership to at least 200. Won't you who are not members come to the school building and register with Miss Fisher, the Secretary.

As has been a very splendid custom here for years, parents and friends of the school are invited to be present Monday morning and help start things off with a boom.

Our paper, the Flashlight, proved a very wholesome and beneficial influence last year to the student body. We are going to ask the merchants to help us make it a success again this year.

The teachers for this year are:

R. Dean Squires, Supt.
Frank Carter, Prin. High School
Miss Gladys Bryson, Asst. Prin.
Miss Mitchell, 8th Grade
Mrs. Thomas, 7th Grade
Miss Colville, 6th Grade
Miss Rice, 5th Grade
Mrs. Feeback, 4th Grade
Miss Fisher, 3rd Grade
Miss Shaw, 2nd Grade
Miss Brown, 1st Grade

RELIGIOUS

W. S. Hamilton, of Oklahoma, will preach at the Christian Church next Sunday morning and W. P. Crouch, the pastor, will preach in the evening.

FORMER CARLISLE BOY IS INVENTOR OF FINE DEVICE

(Lexington Herald)

A Lexington boy who has made good in the service of Uncle Sam is Coulthard Fritts, son of E. C. Fritts [illegible] this city. Young Fritts who is [illegible] years old, has invented an apparatus which was found by War Department officials to be very valuable in connection with high velocity aerial photography, and several months [illegible] was sent to Rochester, N. Y., [illegible] the largest photographic plants in the country are located, and was put in charge of the manufacture of this apparatus, which will be used by the aerial photography branch of the army.

Coulthard Fritts attended the Lexington High School. After graduation he went to Georgetown University, where he received his B. S. degree, and later taught a class in Physics at that college. From there he went to the University of Chicago, where he took some advanced studies and also taught Physics for some time.

Last November he enlisted in the Signal Corps, Aviation Section of the army and was stationed for a short while at Louisville, where he did some metereological work. From Louisville he was transferred to Washington, D. C., where he was put in the photography section of the Signal Corps. [It] was here that he perfected his invention and submitted it to officials of the War Department.

From Washington he went to Langley Field, Va., where one of the largest aviation fields of the army is located, and there tests were made of the apparatus, which was pronounced ...

RESOLUTION

"Be it resolved that we, the undersigned merchants, in response to a call from the Commercial Economy Board of the Kentucky Council of Defense, representing the Conservation Division of the War Industries of the United States, recommending that in the present emergency it is absolutely necessary that the country's resources be used to full advantage to aid in carrying on the war, and since this requires that all unnecessary services shall be eliminated in retail trade as well as in other lines of business.

"BE IT RESOLVED THEREFORE THAT WE adopt the recommendations of the Commercial Economy Division of the Kentucky Council of Defense, and be it further resolved that we use our very influence to have every other merchant in our city adopt these same resolutions.

"RESOLVED THAT WE.

"1. Make not over one delivery per day over each route.
"2. Limit the privilege of returning merchandise to three days;
"3. Curtail special deliveris;
"4. Require a deposit on C. O. D. purchases;
"5. Discontinue the custom of sending goods on approval;
"6. Use co-operative deliveries

CAATTANOOGA WOMAN SAYS VIN HEPATICA SAVED HER LIFE

Had Taken Medicine From Five Different Doctors Without Relief From Stomach and Nervous Trouble of Eight Years Standing

"May God's greatest blessings be with you for what Vin Hepatica has done for me," writes Mrs. Ida V. Marlar, of 206 Elinor St., West Chattanooga, Tenn.

"It has saved my life. I had suffered from stomach trouble and nervousness for eight years, and had tried treatment of five of the best doctors without doing me any good. I was so poor and weak I could hardly go; my neighbors thought I had consumption." Could hardly sleep, was so nervous.

"But now, after taking the great Vin Hepatica prescription, I sleep soundly all night, and can truthfully say that I feel better than I have felt in eight years. Am fleshier and stronger and can eat anything. I hope everyone who have stomach trouble or nervousness will try Vin Hepatica. We don't know how to appreciate good health until we are nearly dead, and then get well. I am well and happy, and owe it all to Vin Hepatica."

Come in and get a bottle of this wonderful nature prescription and try it on our recommendation.

Vin Hepatica.
