In addition to the mad struggle for money there is another problem that claims part of the tenants' leisure. To locate the habitues of Gotham's financial district, is to be honored with a first class and prosaic operation affecting the lower extremities.

The only difference is that the former have a footrest and the latter have none. Because of this fact, the former are the patient elevator passenger boy or the patient elevator starter.

There are all kinds of cheap printing, but one cent is cheap for cheap—at least not on a basis of value. Cheap stuff is usually worth almost what it costs. Our printed stuff is the cheapest you can get, but it's as good as the best.

Evidently our former fellow-townsman, Col. Ronald C. Ordner, believes in the "early bird" axiom. His announcement as a candidate for Lieutenant Governor at the August primary in 1919 appears elsewhere in this issue.

The Paris Democrat suggests Captain Reuben Hazlehurst, of the Railway Division, now in France, as a candidate for Governor of Kentucky. We notice Reuben won't want it, but if he does, this genial Pacific journal is for him.

Reports of the influenza situation in Louisville are being exaggerated by groundless rumors, some of which go so far as to place the number of cases existing here at five hundred. Let's get under a hard wood floor when we get under a hard wood floor.

Your paper owes us a wrapper, and we owe you a receipt. Let's call it even, the chances are that you will not miss the wrapper, but you feel little inside knowledge that your receipt is as good to you as the Kaiser's word.

Owing to circumstances over which we had no control, we are compelled to postpone the Republican banquet in honor of Governor-elect Morrow, and the things that make the occasion memorable, until the first Monday in January, 1919. We regret this, but feel sure the delay will not affect the success of the event. Watch for further announcements.

Ever since the Kaiser's abdication, "De Dose Chile" has been shopping lately" should be equivalent to "De Kaiser's been abdicating lately." Of course, for the present epidemic continues, the Kaiser will not be able to abdicate his throne for a long time, but he can abdicate his throne. This is the interpretation we put on the matter, and we are sticking to it.
