THIS IS DECISIVE WAR OF WAR, WARNS WILSON

Washington, Jan. 31.—President Wilson, in the course of a message to the farmers of America, delivered through the Farmers' Conference at Urbana, Ill., today, made the following very remarkable and significant statement, which is believed to express the President's view that the decision of the world war will be done during the present year.

"You will realize, as I think Americans on both sides of the water realize, that the culminating struggle of the struggle has come and that the achievements of this year on the side of the allies must mean determination. It has turned out that the forces which fight for the freedom of men all over the world are at last united, and that is in its most extraordinary and expected degree. The resources and the full supply of munitions of war you are to live and to fight, and I'll be sure glad when the war is over that we have supplied them materials, and supplied them abundantly, and it will be all the more glory, because a mighty item to us how made our supreme effort and sacrifice."

LAST QUOTA TO REPORT ON FEB. 23

Washington, Feb. 4.—Provost Marshal General Crowder today announced that the movement of the last increments of men selected in the first call will begin on February 23 and extend over a period of two weeks. This will complete the operation of the first draft, so all States will have furnished their full quotas. The movement will bring the strength of the National Army up to the 687,000 men contemplated in the first draft. The numbers of men which will be started to the cantonments on February 23 are:

Alabama, 1,000; Maine, 634; Upton, Mass., 1,100; Dix, N. J., 1,200; Meade, Md., 1,100; Lee, Va., 1,200; Jackson, S. C., 1,200 (negroes); Gordon, Ga., 2,000 (negroes); Grant, Ill., 1,200; Taylor, Ky., 1,200; Dodge, Ia., 1,100; Funston, Kas., 1,242; Travis, Tex., 1,100; Pike, Ark., 2,000 (negroes).

Besides the regular contingent going to Camp Upton, New York will send to the forces 2,321 men, which sum is to be made up of men which were to have gone to Camp Dix. The reason for the change is that there will be more room for them at Camp Dodge than at Camp Upton.

West Virginia will send 1,369 men to Camp Meade instead of Camp Lee.

HEATLESS MONDAY RETAINED IN FORCE

Washington, Feb. 4, 2:10 p. m.—It is practically certain today after a conference between Fuel Administrator Garfield and Director General McAdoo that the heatless Monday order will not be immediately abandoned as had been hoped, because the fuel situation will lead no cut down immediately of fuel supplies to the country.

There was every indication that the transportation and fuel situation improved very much in March and April, but the changes in the whole series of heatless Mondays, according to present plans, ceases March 25.

GRANT PROBE OF TOBACCO TRUST

Investigations of the workings of the "tobacco trust" are being made by ascertaining if possible, have the buying power of the combination of tobaccos is not selling at its real value. Agents have been appointed by the federal in both houses of the Kentucky Legislature to attend the big conference of growers, dealers and Burley's meeting at Frankfort Monday.

Independent dealers and Burley growers of Kentucky charge that the price of Burley tobacco in Kentucky selling on the Lexington and Louisville markets has remained low for the reason the reason opened last fall, prior to the opening of the markets in States the price has steadily advanced.

The conference at Frankfort Monday was held at the Chamber of Commerce of Louisville and Lexington, stating in connection with the tobacco sales throughout the State. The conference was held at the Capitol Hotel and later with representatives of the Legislature and the Senate, when the dealers and farmers had their complaint to make and to present such as a request for relief.

After a lengthy discussion of the conditions with the governor, senators and representatives, it was decided to submit to offer resolutions in both houses of the Legislature calling for a thorough investigation of the tobacco trust, and the governor will write a letter to a investigating if possible, the buying power of the combination of tobacco buyers in Kentucky, as against a similar investigation in the State of Virginia, which resulted in the prosecution of the tobacco trust in that State.

The resolutions as passed were asked to prepare resolutions which will be presented to the Legislature in both Houses and Senate, calling for the investigation of the so-called "Big Four" in Kentucky.

In addition to the investigations proposed by the Kentucky delegation, representatives of the dealers and farmers stated that the request be made in favor an investigation of the so-called "Big Four" of Kentucky, which dealers allege have a monopoly on the farm.

SAYS IT TOOK BIG EFFORT TO DO DAYS WORK

Just It's Different Since Taniac Improved This Louisville Plow.

"I used to feel so tired out after a time that it took a big effort for me to get through with my work. It's different since I've been taking Taniac. I think I never felt so fine in my life than I do now," said Mrs. Mary Stone, of the Greenwood apartments, Louisville, Ky.

"My appetite was out of shape and I could not sleep. Nothing I ate seemed to cause a burning feeling in my stomach and sometimes I'd have a sour belch after I'd eat. I felt downright and heavy after meals, too.

"I read of so many cases that seemed to be just like mine in which Taniac had done so much good that I tried it. It straightened up my stomach in short order and has been a help to me in every way. I don't think I'll ever be without it and recommend Taniac for anybody who needs it."

If you are not feeling right get Taniac and get your system back in good shape. You'll get rid of that tired feeling in a little while. You can get Taniac at Turman's drug store.
