THE CARLISLE MERCURY.

VOL. LI CARLISLE, NICHOLAS COUNTY, KENTUCKY, THURSDAY, JANUARY 10, 1918. NUMBER

COMMENT

It's Mr. Wilson's L. & N. now.

To add to the hardships of war and—as eventually bitter winter, the legislature is in session.

A social note says Frankfort society is serious. Perhaps because the proper people for the ing Frankfort's social "set" isn't it?

That estimable gentleman, Mr. Claude Thomas, seems to be fated to get rushed at the finish. His opponent, Mr. Robert T. Crowe, the administration candidate for governor by the House caucus Monday by a vote of 39 to 34.

After an aching experience of more than a week, we are glad to say to all those paragraphers, who are in the habit of writing which punishment would be fitting for the Kaiser, that their wish a one of the pleasant little things, commonly set to go at that.

The Germans slaughtered old men and women, outlawed captives in Belgium and Poland, and in the Lusitania horror, drowned little girls and babies by the hundred. Ending a fiendish record were a mere deer to be doted, they added a babe beside it. Now—and not before—they are killing women and children between air raids and soldiers coming up to defend recently-bombed hospitals and looted hospitals, Red Cross buildings. Is it any wonder that the world-wide execration rained over be capped, as a moral sustenance?—From Rev. Norwell Dwight Hillis' account of what he saw of German slaughter in Belgium and France.

And yet these people now want peace; yes, they hunger for peace and would play the hypocrite to the confidence of the clear thinking people of the world that the war free vast blood of peace until the possibility of the recurrence of such atrocities does not exist.

Mr. Wyatt Imbo.
Carlisle, Kentucky.
Dear Mr. Imbo:

CHAUTAUQUA TENT TO BE "PATRIOTIC TEMPLE"

We are planning to make the Chautauqua tent, which comes to Carlisle for four days, the season of 1918, a "Temple of Patriotism." The Government at Washington is very much in sympathy with the Chautauqua and all patriotic meetings during its sessions. This is to be done through the platform work, through the music and also through the moving picture entertainments. The Platform Manager and with him, every one connected with the Chautauqua will be instructed to do all they can and during the entire time of the Chautauqua.

One special feature that we wish to call to the attention of Chautauqua is the work of the Red Cross. It is our purpose to offer the Red Cross Chautauqua as such, pledging hearty co-operation in fostering the cause and in securing the enrollment of Red Cross members. To do this, we are planning, if we can get the co-operation of the Red Cross Chautauqua, to have a booth, or Red Cross booth, in the tent, where the Red Cross can be handsomely decorated with the Red Cross and colors and with Red Cross emblems. This booth would be in charge of the Red Cross workers and would be constantly in the audience facing the platform.

We would want the local Red Cross Chapter to have charge of this booth and have them co-operate with us in the following manner: Distribute Red Cross literature and membership cards during the entire session of the Chautauqua for the benefit of Red Cross work. Everything, of course, would be taken in hand by the Red Cross Chapter and the booth would be under their control.

Please take this matter up with the Red Cross Chapter and see what can be done with us with the local Red Cross Chapter and see what can be done with us in fostering and advancing the Red Cross interests at the Chautauqua, along the lines indicated above. We have had a very successful season and would appreciate very much your co-operation in this matter. If the Red Cross workers could be in their booth co-operation it could be made a very effective thing in the interests of the Red Cross work.

Thanking you in advance for prompt reply, we are

Very truly yours,
Wilbur C. Chautauqua System,
By James E. Myers.

OLD COUNCIL MEMBERS ELECT RUDDELL ONE OF NUMBER

The regular bi-monthly meeting of the City Council was held in the council chamber Monday night, in the absence of the city attorney and the organization of the city councils for the ensuing year. At the last regular election C. S. Dailey and M. T. Ruddell received an equal number of votes for the office of councilman. The voters casting the ballot were entitled to a vote for the purpose of breaking the deadlock and thereby settling the question. It is expected, namely, Hayes Fisher, Peters, represented the administration and with a majority in the council they had no trouble in getting their candidate elected. After Ruddell was sworn in everything worked smoothly in the organization of the council.

Mayor Morrow before the meeting adjourned Monday night stated that he had been a by no means believer in the commission form of government, but since the special session of the legislature would not do it a normal school, but the people of Nicholas county had voted that they should have a normal school and he had not other alternative. The mayor stated that he was going to do all in his power to get the school started in the right direction and he would appreciate the co-operation of the council in every way that they could render to him. He stated that he was not going to be a candidate for mayor at the next election, but that he would be glad to help any one that he thought would be capable of handling the office. He stated that he was not going to be a candidate for mayor at the next election, but that he would be glad to help any one that he thought would be capable of handling the office. He stated that he was not going to be a candidate for mayor at the next election, but that he would be glad to help any one that he thought would be capable of handling the office.

When we visited the school we found that the pupils were getting along nicely and that the teachers were all working in harmony with the mayor. We had to grant the request of the mayor and the council, but we are not going to make a practice of it. We had to grant the request of the mayor and the council, but we are not going to make a practice of it. We had to grant the request of the mayor and the council, but we are not going to make a practice of it.

Mr. E. C. Vaughn was reelected as City Clerk and Mr. W. H. Frey as City Treasurer, the salary of the City Treasurer was raised from $200 to $300. The city attorney's salary was left at $100 per annum.

Councilman Peters called the attention of the body to his ordinance declaring the closing of all business houses on Sunday, and Mayor Morrow instructed the Marshal to see that all business houses be closed on that day.

Before the reading of the accounts Councilman Peters moved that there be now fees in fact with a happy new year. Labor, material and every thing is high. Necessary and unavoidable expenditures are necessary and the City of Carlisle will expend an 1918 money for a number of new and necessary improvements. MISS GARDNER'S LAST COUNTY SCHOOL NOTES

I have come to the close of a glorious year. Our County School Superintendent and I feel that I count on the good people of Nicholas county to re-elect me to the office. I have tried to serve as one of your officials. I make no promises for the future. Who does not make mistakes? No, they all do. I feel that all honest people will understand that I have endeavored to do my duty. I have not favored any school or any one of the children of all the people of the county and stood ready to serve each and every one to the best of my ability.

Our work has begun at the very beginning of the year and we have tried to make the most schools possible and get the best teachers for the schools. Many of the teachers have been with us for several years and have proved themselves capable and efficient. Others have been employed for the first time. We have tried to get teachers who would be interested in their work and who would be willing to attend the County Teachers' Institute and to take the County Course of Education for Teachers. We have had the hearty co-operation of my efficient assistant, Miss Bessie Taylor, who has promised me by her hand at the last meeting, to Deposit Each for the ten dollars to be paid. Our relations with the trustees have been very pleasant. We have been most accommodating. Mr. Thos. J. Roberts for the handsome gift of pictures for the walls of the rooms of the school. Mrs. Mary Hall & Paines for the handsome gift of flowers for the patrons and friends at the county institute. Mrs. Hall has also given us a handsome picture for the walls of our office and we feel we have a friend in Carlisle and Nicholas county.

We have had lots a larger field of work this year than ever before. I shall never be happier than during my service among Nicholas county people as I am in Carlisle and Nicholas county.

Where we have had trouble in the school work, with three times the number of schools we have had less trouble. I shall never be happier than during my service among Nicholas county people as I am in Carlisle and Nicholas county.

Where we have had trouble in the school work, with three times the number of schools we have had less trouble. I shall never be happier than during my service among Nicholas county people as I am in Carlisle and Nicholas county.

I wish to say here that Nicholas county should appreciate very highly the County Board. They have been very faithful in the discharge of duty for twelve months during the year, we have had as high as twenty-three members present and some without a quorum. I would not say that this is the case now, but I would be glad to see here the County Board, they faithful trustees of the county schools. They have been very good friends. Mr. Taylor has been an excellent commissioner of schools. We must thank the Carlisle Mercury for many courteous favors as well as the Courier-Journal and the Louisville Herald in the spirit of the school work.

Fifty-five teachers married in Nicholas county while I was their superintendent. Some of them have left the profession but I am sure they have not regretted it.

Our best ideas one and all in Nicholas county, and when we shall have finished the best we can, and shall stand before the Great Teacher, may we have so lived and discharged our duties that we can stand and hear Him say, "Well done, thou good and faithful servant, enter thou into the joys of thy Lord."

Ex-County Superintendent.
