FEDERAL TAX OFFICER
The Commissioner of Internal Revenue has announced that the tax on the sale of automobiles will be increased from 10 to 15 percent effective January 1, 1919. This increase will apply to all automobiles sold in the United States after that date. The Commissioner also announced that the tax on the sale of motor vehicles will be increased from 10 to 15 percent effective January 1, 1919. This increase will apply to all motor vehicles sold in the United States after that date. The Commissioner also announced that the tax on the sale of motor vehicles will be increased from 10 to 15 percent effective January 1, 1919. This increase will apply to all motor vehicles sold in the United States after that date.

1916 1917
Take a Lesson From Last Year
Last year you suffered a world of discomfort and trouble from stoves. Take solid furnace comfort this year. It's the modern heating method. No coal to carry, no constant attention, but a steady uniform heat throughout all parts of the house. It can be done because your furnace is already built. The Caloric Pipeless Furnace can be put in any house, new or old, because it heats without pipes—just the registers—and you don't have to cut holes for pipes or stoves.
The Original Patented Caloric Pipeless Furnace
Guaranteed to Save 25% of Your Fuel
Manufactured by the Monitor Stove & Range Co., Cincinnati, Ohio
In every house of any size, as well as in hotels, schools, hospitals, etc., the Caloric Pipeless Furnace is the most economical and efficient method of heating. It is the only furnace that can be put in any house, new or old, without the expense of cutting holes for pipes or stoves. It is the only furnace that can be put in any house, new or old, without the expense of cutting holes for pipes or stoves. It is the only furnace that can be put in any house, new or old, without the expense of cutting holes for pipes or stoves.

LOCAL BOARD
