GERMAN LANGUAGE ACT UP

When the law comes into effect, the teaching of German will be compulsory in all schools. This is the first time in the history of the United States that a foreign language has been made compulsory in the schools. The law is a result of the German-American League's efforts to secure the passage of the law. The law is a result of the German-American League's efforts to secure the passage of the law. The Season Of 1917-18

The season of 1917-18 is fast drawing to a close. Notwithstanding the fact that we have not had the support of our friends that we should have had, and that the daily papers' reports have not always given us a fair deal, THE HURLEY has had a better business than we expected. We have always endeavored to give our customers a square deal and have made no false promises to get their tobacco. Our best advertisements are our satisfied patrons. Our prices have been above the average of this market, which is one of the best in the state. We have fulfilled every promise made, and should the present management be in charge the coming season, we invite you to come again and see us and we will do our best to please you.

Do Your Best "Bit" This Year By Determining Not To Leave a Bit Of Cultivable Land Unplowed

There was never a time when the farmer, the farm and farm product were more in the limelight and held greater attention a time when more depended on the intelligent cultivation of the greatest acreage than this now.

The farmer's battle with the problem and the elements is every whit as important as the battle that will be fought in the trenches of Europe. It is generally conceded that FOOD WILL WIN THIS WAR—and the growing of food is the farmer's business.

For your necessary plowing we unqualifiedly recommend

Oliver Chilled Plows

AND Syracuse Hillside Plows

In every way these famous plows are superior. They have an equal in working, are light, easy to handle, point and sink in a piece, give long service and are economical.
