TOBACCO BUYERS NOT TO COME UNTIL IN JANUARY.

(Lexington Herald)

President Thomas W. Blackwell of the Lexington Tobacco Board of Trade last night said that the R. J. Reynolds Tobacco Company, the American Tobacco Company and the J. P. Taylor Tobacco Company will have no buyers in any Burley tobacco market before January 1, 1919.

"These companies," said Mr. Blackwell, "have notified the Lexington tobacco warehouses that it would be a physical impossibility for them to mobilize their buying forces and have the proper factory facilities to satisfactorily operate before January 1 and that they will not have a buyer on any of the Burley markets until that date.

The United War Work Campaign solicitors of Blue Lick Springs district met with Mr. and Mrs. M. C. Hawkins Monday evening. The solicitors of this district wish to thank each and every one of the neighbors who so kindly and willingly helped us to raise our quota. Especiall to those who helped in other districts and in our own district, too, and to those who refused to do their just part in raising our quota, we turn them over to their conscience (if such a thing exists in them.) May they ask themselves if they are true citizens of this great commonwealth, the United States of America, the grandest country in the world and the country which has freed the whole world.

THE WAR IS OVER

We have just received a letter from Ford Motor Company saying they would, in the very near future, begin the shipment of cars, but Agents must have on hand orders with deposit, before they will receive any of these cars---in other words, we must have them sold. Now, if you have the least idea of wanting a Ford by spring you can not give us your order too soon, that we may send same to Ford Motor Company, and get it on first shipments. Remember, this is the only way you will be able to get a car, and is no joke, so come in and give us your order at once.
On and after December 1st, we will conduct our Garage business on a strictly cash basis, and will make it to the interest of all to deal with us on such basis.

Respectfully,
