COMMENT

This war can not, must not end, until Germany tastes the punishment of her unspeakable crimes in France and Belgium, until her fields and cities are wasted as those of France have been, until Berlin is a smoking ruin. Or with the war, and in the name of little babies impaled on Prussian bayonets, because the German peace offensive!

We are disposed to agree with Shelley Sandfey, editor of the Richmond Register, that there is small necessity for a nonsocialist system in this primary to select a successor to Senator James. As Mr. Sandfey says, the State Central Committee will accordially select Mr. Stanley at their meeting in Louisville this week and in the opinion of this writer Stanley will be the Governor will make a strong candidate and should be appointed for the short term also. To err mind, this is no time for politics in the special meeting of the ward. Any getting of the unterrified in convention would mean only a loss of time and money to those who participated and a primary would cost the State a pretty penny that might better be spent in the winning of the war. Mr. Stanley would win the nomination in any event, we believe. With the "ayes" and "nays" almost dead pat" it is 1 and with those formerly inimical to Mr. Stanley swearing to his selection, why stir the political pot. There can be no question of Stanley's loyalty; there can be no question that he will uphold the President in the work of winning the war. The Governor is also a powerful good "booster" and he will need to be for the Republicans have nominated a strong man in the person of Hon. Thos. Chas. Chandler. Mr. Stanley has Governor Stanley's approved of his sentiments on the issue question. With that question settled, there can be little objection to him as the ranking follower of his party.

MY STANDARD HAS BEEN SET!

I have been asked by the President to save money. I have made a start. But what is the real truth in all the "saving" talk? What are the grave, vital reasons which demand that I change my style of living?

General Pershing's soldiers are allowed enough to wear, enough to eat, and a few dollars weekly to spend on tobacco and extras. Under these conditions they maintain a spirit and fighting efficiency which leaves no doubt of victory.

HOW DOES THEIR SCALE OF LIVING COMPARE WITH MY SCALE OF LIVING HERE?

The man who relinquishes salary or income in order to fight for me and mine, has the right to expect that I will at least LEND as he has GIVEN. He has the right to expect that I shall save to the utmost in order to supply him with clothing and equipment.

I SHOULD BE MORE UNDECEN. FEELING AND ARMORAL SIMS HAVE SET MY STANDARD FOR ME:

I am going to follow that standard. I am going to supply my share of the $21,000,000,000 war government must spend this year in order to fight. I am going to be a big part of my income, but I can see it.

I am going to save the money I have been spending on luxuries, which we must in the Army service. Any can have until the war is over, and until the day of peace comes, I am going to put my savings into Liberty Bonds to help win the fight.

-CORRESPONDENCE-

GOEBEL CITY

Rev. E. C. Lacy, of Walton, Ky., assisted by Rev. Brooks, closed a two weeks' meeting at East Union church Sunday night. Great revival gathered to hear these two able ministers and there were 21 additions to the church.

Mrs. B. F. Barbee remains quite sick.

Bell School opened Monday with Miss Virgie Terrell, of Sharpsburg, as teacher.

Miss Mamie Lyman, of Covington, arrived Sunday for a visit with her brother, W. F. Lyman.

Corporal Dale Grannell, a cavalryman from the Mexican border, his many friends, relatives and friends on Long Branch.

The cutting of Horace Tilton Barbee to the sulcus has again brought the full meaning of the world war to the mind and heart of this little community and with the departure of our friend we feel and hope that a few days will bring the glad welcome for those who have gone before us. Well may we call ourselves the blast of the bugle in the not far distance, and we, our neighbors and friends gathered at Horace Barbee's home Sunday night, not only natural, for we have to be more impressed with the deeper import in the realization that we are to be called upon to give up our loved ones very quickly way of years. It was truly inspiring to see the boys and girls gathered about their noble manhood to help bring to the minds of those present that where there are tears and sadness and heartaches there are also smiles and hopes and hamlet the shades of the great God is reigning and overruling all things in the balances and human liberties, and we pledged ourselves anew to the Hosts hill and valley and palaces and humble homes of our country, for this gathering for the crushing defeat of our enemies and promoters and Saul's and a struggle to the bitter-end.

In a few months, perhaps weeks, we will be called upon to give up our like ships in the night and thread our way across the turbulent Atlantic. Some may find rest beneath the fair lilies of France. We repeat that it's war and the cry at home by mail under regulations to be prescribed by the President.

There is also a work for those who will have to stay behind. Let us not be the means of dying brown and sacrificing not only the fruits of the thirty-six others who have gone before but the memory of those who are left to give their lives and their liberty and make secure the inalienable rights of man.

CALL FOR TRAINED MEN

Adjutant General Allen W. Burnett, The Local Board has received a call for men physically qualified for grand duty, carpenters, chauffeurs, and machinists, mechanics, and has been asked up to September 10. The men will be assigned to Camp Lewis, Camp Lee, Virginia. This is a splendid opportunity for young men to learn an occupation that will prove valuable to them in civil life after the war. Any man who is willing to volunteer this work. Don't forget that you must enlist before September 10.

ATTENTION, NICHOLAS COUNTY FARMERS

Remember the campaign for an increased wheat acreage will close September 15. If you have not been seen by the committee, you should get in touch immediately communicate with the undersigned or Elmer Brown, as to the number of acres you will sow in wheat this fall.

Three of the acres below wheat land have an obligation to deliver 15 bushels of wheat to the Allied Countries to produce wheat. It is therefore your patriotic duty to sow all the wheat you can to help Liberty Bonds, and help your country in its governmental enterprise. Our people must look for nothing. Any man of all food, especially bread stuff, and what is the only thing we are asking them to sow as it is impracticable for many reasons to send men. This will be an campaign of persuasion or compulsion, as we believe every farmer in Nicholas county will enter whole heartedly into an effort to raise a record breaking wheat crop for the 1918 harvest.

In view of our government's request and our President's proclamation, he can do no less.

Frank C. Taylor, Chairman.
Nicholas County Board of Agriculture.

One Trip--

Not Two or Three

When you sell us your cream, the whole transaction is complete in one trip. You bring in the cream, see it weighed and tested, get your cream check, and take your can back home.

When you ship your cans to some other city—that's one trip.

Coming in town a few days later for your cans—that's another.

Perhaps your cans haven't come and you must make a third trip. If there are disputes as to spilled cream or lost cans or some other cause for dissatisfaction, there may be several more.

And each trip costs you money and time and lessens your profits.

Send us your cream and you will be dollars ahead at the end of the season.
