New Toll Rate Effective Jan. 21, '19

Order No. 2205 of the Telephone and Telegraph Administration issued by the Post Master General at Washington December 19th, a new Toll Rate is ordered effective January 21st, 1919.

According to our interpretation of this order the toll rates will be classified as follows:

The day rate applies between the hour of 4:30 p. m. and 8:30 p. m.

Night rate between 8:30 p. m. and 12 midnight for station-to-station messages only shall be approximately 10 per cent less than 25 cents.

Night rate between 8:30 p. m. and 12 midnight for person-to-person messages 75 per cent less than the day rate, but no night rate less than 25 cents.

Person-to-person messages shall be approximately 25 per cent higher than station-to-station calls.

Appointment calls shall be approximately 50 per cent higher than station-to-station calls.

Night and Sunday service of a messenger shall take the appointment rate plus one-half message rate.

A report charge of approximately 25 per cent of the station-to-station rate will be made on all person-to-person calls, when persons desired to call in or will not talk or if calling party is out when connection is completed within one hour after filing time.

FIFTH LOAN 'STUNTS' WILL FEATURE TANKS, TRAINS AND AVIATORS

TROPHY EXHIBITS WHICH WERE SO POPULAR IN FOURTH DRIVE COMING AGAIN

DON'T stow away your rattles and horns and noise makers. The Victory fever is going to bring with it just the chance you've been looking for a big time at the coming drives.

The trophy trains—bigger, better-equipped and scheduled for longer runs in each town—are to tour the districts again. One of them will stop in your town or near enough to it so that you can get to it.

Air stunts will perform over a great many of the cities and among the features of this part are a number of thrilling flights.

And best of all there will be a fleet of tanks. These tanks, caterpillar whippets, will be rested over the districts again so that practically all of the territory will be covered. The War Department is furnishing the tanks and tank crews and there are no cases which these motley crews are cannot perform under the guidance of the fearless drivers who will be in charge.

Model T's, too, indeed. There will be two or three hands on hand in the fleet. Arrangements have been made for service hooks from the army and the navy.

Civilians to Get Medals for Work In Victory Loan

If one of these is awarded to you will your endeavor be closed? Every volunteer Liberty Loan worker who participates in the campaigns for the Fifth of the Victory Liberty Loan, which is to begin April 21, and ends May 10, will be entitled to one of the medals of the German Crown engraved by the Yanks in the Chateau Thierry drive.

The medal will be about the size of a half dollar. The front side of it, depicted in the accompanying cut, will bear the inscription "Fifth Liberty Loan" and a reproduction of the Treasury Department building at Washington.

On the reverse side will be engraved the government's acknowledgment of the service performed and a space will be left on that for engraving may have his or her name engraved.

The medal will be the first gift of its kind ever distributed by the government to civilians. The plan was evolved upon effort to attract unanimous support for the Fifth Liberty Loan drive. The country for some months past, because of their patriotic cooperation.

Several German cannon, brought here with returning Yanks, have been melted, rolled and are being stamped out to adorn the lapels of the civilian army.

Let's!

Now guns are resting,
The war drums are silent,
The bugles are quiet,
The battle fray is set.
All hats off to the doughboy,
And hats off to the gob,
The Victory Loan is coming.
Let's finish up the job!

Trade Commission Chases Bond Scalper to His Lair

The Federal Trade Commission has taken further steps toward protecting holders of Liberty Bonds from fraudulent stock promotion schemes. Snarling questionnaires have been sent to many firms whose literature has been turned over to the commission for examination.

The questionnaires contain 32 queries, bearing on the amount of promotion stock, the methods employed to market it and the corporation's organization, financial condition, physical condition, plans, properties and business conditions. The information is called for at once, attention being drawn to the penalties attached for failure to do so.

FROM UPPER SANDUSKY MISSION TO WORLD-WIDE SERVICE PROGRAM

Methodist Centenary Plans Great Religious Reconsecration.

DRIVE FOR $115,000,000 IN WEEK OF MAY 18-25

Church Must Meet Modern Needs or Allow Radical Movements to Assume the Lead, in View of World-Wide Observers.

From an humble beginning, self-realized fifteen years ago by a few Christian women in Upper Sandusky, a century and beyond the bible tradition, as a preacher of world-wide Christian reconstruction, now in service.

This is the historical setting of the Methodist Centenary, the greatest evangelical movement ever launched by Christianity. It is a challenge to the Christian church to meet the needs of the present hour and the world by carrying out an adequate program for saving the souls of men, both in terms of modern, practical application and the handiwork of millions as the direction for the future building and construction of the local church for the service of the community and the age. Without a program adequate to the task before it it becomes a victim of world-wide forces which it is powerless to control. World Can Not Be Made Safe For Democracy Without Christianity, Is Centenary Message

Native Teacher in India With His Family—Chinese Christian Nurses at Work—Modern Education, Sanitary and Medical Science Scarcely Exist in Non-Christian Lands.

AVERN is able to stand before the world and declare that the church has done its duty because of the fact that it has sent missionaries to the heathen, understand that the success of her people from slavery to thinking of mankind, the world safe for democracy, cause to think, to cause elsewhere the masses possess the ordinary rights which to build Roads, China and Mexico have taken the first step toward self-government, but not one or more of the population is Christian, and the remainder of the world is India, with four-fifths of the world's population, crushed down by

caste, but awakening to a new life, not one of the men and 70 per cent of the women know neither of reading or writing. Of the 315,000,000 people in the countries of the near east only 15,000,000 are Christians, and the remainder are Mohammedans, except in Africa, apart from the mission centers, where the darkness of heathenism still prevails.

Of the 1,800,000,000 people in the world it is estimated that there are only 600,000,000 Christians, and of these 400,000,000 are Roman Catholics and Greek Catholics, leaving only 200,000,000 Protestants to carry the message of salvation to the remaining 1,600,000,000 souls.

The centenary is definitely to the only basis for a christian democracy, and to the establishment of the kingdom of God among men.

THE ONLY HOPE OF PEACE.

Here Bert Bell—Leagues to Unfortify Peace of 1 hundred different nations, as did Andrew Jackson and Earl Taft, executive secretary of the Centenary, adding: "But at the heart of it peace means brotherhood, and to say that brotherhood has become the superlative necessity of the world is to say that Christ is the sole hope of the world because none other is able to be a dynamic of brotherhood among mankind."

Sell All Your Butter Fat While the Price is High

If you own dairy cattle, this is your harvest time. The price paid for butter fat is now higher than it has been for many years. Make thf most of it while it lasts.

Don't Use An Unreliable Cream Separator

It means more to you now to own a reliable cream separator than ever, because every drop of butter fat lost represents a loss of money. If your separating is old and worn, or if you are soil trying to get along without one, come in and let us show you a Primrose.

One Important Reason Why The Primrose Saves All the Butter Fat

First of all, you want to skim the densest cream you can because this means smaller bulk to handle or haul to market. In the Primrose the screw for regulating the density of the cream is in the skimmilk outlet, not in the cream outlet, as in other separators. Why? Because if it were in the cream outlet and was set for dense cream, it would partly close the cream outlet and some of the butter fat would be forced out with the skimmilk.

With the cream regulating screw in the skimmilk outlet as in the Primrose, there is nothing to interfere with all the cream flowing out of the cream outlet. To get dense cream, you open the skimmilk outlet wide to let all the skimmilk out because it is the amount of skimmilk in the cream after all that makes it thin or dense. When thin cream is wanted, the screw is turned in so that a thin edge of skimmilk is forced into the cream, but whether thin or dense cream is being skimmed, you get all the butter fat. There can be no loss because there is nothing to prevent its free flow out of the bowl.

Besides this, the Primrose has two cream outlets instead of one, so that the cream will not be crowded in flowing out. This prevents the fat globules from being broken and results in smoother butter.

MARRIAGES

SHIREY—HATLIFF—The following notice of the Hatliff-Shirey wedding appeared in The Crawfordsville (Ind.) Journal, Saturday, March 22: "Lodoga, March 22.—The marriage of Miss Mary Hatliff, daughter of Mr. and Mrs. M. G. Shirey of Judd Kenwood avenue, Indianapolis and residents of this place until recently, and Roger Dean Hatliff, son of Mrs. Lee Hatliff, of Carlisle, Ky., occurred this morning at 10 o'clock in the parlors of the Claypool. They motored to Indianapolis, Because of the recent death of the bride's sister the wedding was quite quiet, only the near relatives and friends being present. The bride was graduated from the class of 1918, Purdue University. The groom is a former student of the Methodist college at Kentucky and is a member of the class played "To A Wild Rose" during the ceremony. The Mendelssohn wedding march as the bridal party entered the parlors and was composed of Sunday dressing of all denominations and no little gown was worn. Dinner from the city.

The interest manifested in the wedding was unusual by the Carlisle people, and was reported by the promoters. Nightly during the present week services are being held in all the churches (except the Methodist) of the city and the large audiences are attending. These services will continue for the week including Saturday night.

CHRISTIAN CHURCH

Meetings continue each evening with interest. No service Saturday. Sunday School at 9:30 a. m. Sunday morning by the minister at 10:45 a. m. and 7:30 p. m. Meetings will continue each night this week. Services on Sunday and the interest is good. "Come thou with us, we'll do you good" and you are welcome as good.

W. P. Crouch, Minister.

On Tuesday, April 1st, Mrs. W. B. Stewart entertained the Woman's Missionary Society of the Methodist church. The meeting was opened with devotionals conducted by Mrs. Stewart, after a very enjoyable business session refreshments were served.

The afternoon the regular monthly meeting was held. Miss Dacres, the president, presided and the meeting was opened with devotionals conducted by Mrs. Matthews, following this Mrs. W. E. Stewart read a paper on the Wesley House. Mrs. Jas. Parker read a leaflet, "Missionary Responsibility" and Mrs. Ida Fuller sang a beautiful solo. Mrs. W. P. Tune as delegate, gave a report of the Annual Conference which met at La Grange March 26-31, following this report Mrs. Samuel Holmes, District Secretary, gave a report of the Centenary Conference and gave the benefit which she gave there feeling the society will be glad to know that the Maysville district had done the past year.

The hostesses were assisted by members, Mrs. Wm. Conyers, Mrs. Jas. L. Gillespie, Mrs. Ben Martin and Mrs. W. A. Kennedy. Mrs. Stewart is a charming hostess, and the society will be glad to have been there.

TOBACCO GROWERS QUICK DISCHARGE OF SOLDIERS IN REALIGNING CAMP

Washington, April 1.—Gen. March announced today that 2,000 tobacco growers had been discharged within the last week from the army under the demobilization camps unless special consideration is requested. The rate of the demobilization total now had passed the 100,000 mark daily.

Gen. March announced that 1,000 men daily, including twenty Colonels, should be discharged from the army under the service commission.

Gen. March announced school camps for Great Britain for training of the American troops from France and Belgium. Special consideration was given war fair to both sides and did not interfere with the efficient conduct of operating the British ships.

HOUSE MEN TO MEET

The Kentucky Association of Locomotive Engineers will convene April 15th in Louisville, April 12, to make the necessary arrangements for the session to be held in Louisville, Friday and Saturday following, by the Kentucky Tobacco Growers' Association.

The organization was formed at Lexington tobacco warehouses in the interest of the tobacco trade, in Lexington, Friday, and organized a permanent organization on Saturday, April 5, with the following officers: President; J. B. Bowling, Owensboro, Ky.; secretary, Ben Bedford, Carlisle, Ky.; secretary and treasurer, Ben Bedford, Carlisle, Ky.

The organization was formed to secure a better tobacco market. The association to be formed is to secure a better tobacco market. The amount of tobacco that should be sold is to be determined by the crop based on an investigation by the Department of Agriculture. Tobacco growers are urged to join the movement as there is a scarcity in the world market.

In the movement of the warehousemen in describing the terms in the movement of the growers and the warehousemen, the meeting held in Louisville will take up the warehousemen of the growers in April. The meeting will be called at 1 o'clock in the Board of Trade building on April 15th, and the meeting will be held at 2 o'clock. Every one interested in the movement is urged to be present. Only those who are members of the Association will be eligible for membership.

Harper's Garage, Inc.

Funds are all delivered, and now as we have been telling you in these ads they will be scarce and hard to get. The only possible way for us to get them is to have the orders for the Big Spring Motor Co. that we have been taking. We will be in position to get them early so as sixty days you can not get in your car before you have the orders for it, so, attention, this assuring yourself of delivery when you want it.

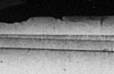
Respectfully,
Harper's Garage, Inc.

WE ARE SHOWING THE NEW SPRING STETSONS—GET UNDER ONE.

COLE & TUNE.

It is rumored that there will be a double wedding in town Friday. All of the contracting parties are said to be very young people.

THE COMMUTER TRAIN



Some eighteen months ago the early morning train known as "The Commuter Train" was dropped from the schedule of the Louisville & Nashville. Mr. L. & N. which inconvenienced travel to and from Carlisle to a great extent. The reason assigned at that time was the scarcity of railroad employees. It is now learned from Nest that the war is over and conditions are fast becoming normal why can't we get our "Daisy" back? Many trains that were discontinued at that time have since been restored so late get busy.

L. B. BARTON

will offer for the season of 1919 the fine young Jack

LIBERTY

at the low price of $8.00 to insure a living colt.

Liberty is coming four years old, 15 hands high, and has all the qualities that go to make up a fine individual, such as large bone, big ears, etc.

LIBERTY is a son of the famous Ballot Jack, now owned by McIntire & Wagoner of Millersburg. LIBERTY'S dam was by Dewey's Jack.

LIBERTY is bred right and in his veins flows the blood of the best jacks in his ancestors. He is a rare find getter and breeders looking for good stock can do no better than to seek the service of this jack.

Remember the price I w-ll offer the season of the saddle stallion, BLUE GRASS CHIEF, 2nd, Dr. A. H. DURBIN'S horse, at $15.00 to insure a living colt.

Don't think will make the season of 1919 at my place known as the Feeback Hotel, on the corner of Main & Parker Terrace pike, about 3 miles north of Carlisle.

Any one who will come or mare in bred to another horse without information. A fee retained for service. Care taken to avoid accidents but not responsible should any occur.

YOU MEN BACK FROM SERVICE

Now that you are home again you'll soon get into the swing of things in this old town. Friends—associations—business will be taken up where they were left off when you went into O. D.

Of course you are going to find some changes here and there, mostly for the better. That's Carlisle's pride—doing things for the better.

Better clothes here than ever before. We've been at it a half century and we don't know when they ever looked as good as those here now. They are the sort of clothes you'll be glad to renew acquaintance with.
