This is Certain-teed Week August 18 to 23

This is a "big" week the country over—a week especially set apart by Certain-teed dealers to visit you in properly starting your new home and in setting your present home in order for the fall and winter.

Every home and building needs Certain-teed extra quality roofing or paint, possibly the interior woodwork needs something up to date, or perhaps you need a coat of varnish. You will find it to your advantage to visit your Certain-teed dealer this week and learn from him how you can carry out a program at the point expense and with the least trouble. Your Certain-teed dealer will assist you in making the selection which will best be your need.

And whenever you buy Certain-teed products, make sure to specify Certain-teed. You will have the assurance of C. O. Conyers and his staff.

Give Me a Friendly, Natural Hand-shake

Give Me a Friendly, Natural Hand-shake

Give me a friendly, natural handshake

Give me a friendly, natural handshake. Keep your pipe on the "smoked-top" tobacco for the fellow who likes not a dandy better than home made pipe—

So say a friend of ours named Velvet Joe. And he's just about fits the real Joe.

Velvet is made for men who think there's no smoke like real tobacco. If you are that sort of man, listen:

Velvet was born in old Kentucky, where more than one good thing comes from. It was raised as carefully as any other Kentucky household. But the real secret of Velvet's friendly qualities is his slow natural aging in wooden hogsheads.

Ageing in the wood never hurt anything—and least of all, tobacco.

And so we say, Velvet is good tobacco—nothing more or less. It runs second to none.

The picture of the pipe on the tin doesn't keep you from rolling a jim-dandy cigarette with Velvet.
