A WORD OF WARNING

The Ky. Agricultural Experiment Station in Bulletin for protection of the consumer and honest manufacturer, under the Kentucky Food Products Law, has the following to say of the system of tagging:

"A Yellow Tag printed in Black Letters indicates that the product contains a material of little or no feeding value, such as an artificial product, cheap oil, cotton seed hulls, peat, etc. Such feeds are usually known as Straight Mixed Feeds."
"A Manila Tag printed in Red Letters indicates a feed made of products or by-products of two or more grains or cereals or plants, usually known as Straight Mixed Feeds."
"A Manila Tag printed in Black Letters indicates a feed made of corn, cotton seed meal, etc. Such feeds are commonly known as Straight Feeds."
