"Isn't It a Pity She Is Stout, She Has Such a Pretty Face, Too?"

The above is something you rarely hear said about the woman who wears F. L. L. Model Garments—Suits, Coats, Dresses and Skirts—for she is the stout woman who is not content with having a pretty face; she demands that her entire appearance be attractive.

It Is True That Large Women Who Wear F. L. L. Model Garments Are Seldom Thought of as Being Stout Women—

—you know in the sense we mean—for there is an aristocratic carriage about them, a poise, a grace and a distinction that place them on the same level of smart, good looks with their slenderer sisters.

It's almost amazing at times what wonders an F. L. L. Model Garment performs for a stout or an unusual figure, such as reducing its apparent size or hiding some discrepancy in its contour.

F. L. L. Model Garments may be had in the fabric that you desire, in your preferred color, and at the following moderate prices:

2,500 Garments to Select From

No Extreme Narrow Skirts with F. L. L. Suits

It will pay you to get on the train, come to Cincinnati and visit OHIO'S GREATEST STORE for STOUT WOMEN AND WOMEN HARD-TO-FIT. You can also be fitted in Underwear, House Dresses, Bungalow Aprons, Petticoats, Hosiery, Sweaters, Wash Skirts, Wash Dresses, etc., up to 59 Bust.

Velvet

THE FRIENDLY TOBACCO

Horse Sense About Tobacco

Good tobacco ought to be like a well-bred hoss—all th' kick taken out but all th' sperit left in.

You see, half the secret of makin' a good hoss is in the breedin' an' half in the breakin'. Selectin' tobacco that's grown right is only *half* of makin' Velvet. The agein' is the other half.

That's only one kind of agein' that gets th' right results — *Nature's own.* Nature's no clock watcher. She does a job *right* whether it takes two years or two thousand.

So when she gets through with the fine Kentucky Burley that we put away in wooden hogsheads for two years, it's *just right.*

It ain't been hurried none, or short-cutted. It's a Nature-done job.

All kinds of things are packed in tobacco tins, but your good neighbor will tell you "Velvet is the real pipe tobacco." Prove it for yourself.

San Francisco, Calif., May 15.—Speed of the cruiser Huntington, Admiral Dewey's home from Asiatic waters, is unfortunately imposed at present by a big whale, investigators believe, which has a sixty-foot chain on the cruiser's bow ram. TIRE PRICE DROPS

One of the biggest tire makers has announced a general cut in tire costs. The reductions are from 10 to 15 per cent on cord tires, 25 per cent on fabric tires and 30 per cent on solid tires. The reasons that the prices of all tires should be reduced and ought to be good news to the motor owners.

THE CARLISLE MERCURY

VOL. LII CARLISLE, NICHOLAS COUNTY, KENTUCKY, THURSDAY, JUNE 5, 1919. NUMBER 23

GALLANT SONS OF NICHOLAS WHO DIED TO MAKE THE WORLD SAFE FOR DEMOCRACY

June will be Historical Month in Kentucky, and every county is now engaged in making a permanent record of the part its citizens played in the world war both in the fighting forces and in civilian war work. The Kentucky Council of Defense launched Monday, a state-wide historical campaign to continue through the entire month of June. The purpose of this drive is to interest the public generally in the historical work and to call to its assistance public spirited citizens in every community, relatives of soldiers, newspapers and all organizations which have taken part in war work.

Miss Elizabeth Hier is Nicholas county historian and will have charge of the work here. She will do three classes of work; make individual records of Nicholas county men in the service during the war; compile records of activities of civilians in all kinds of war work; and collect and preserve all other war data and records of historical interest.

Following out the plan of the State Council of Defense papers throughout the state are asked to publish during the first week in June a list of those from their respective counties who lost their lives in the service, either in battle or of disease. The purpose of this week is to be given a list of the wounded, of those who died of wounds and the progress of the men toward recovery. From the state the papers will be furnished with lists of men who were in Base Hospitals, Service Crews, the Croix-de-Guerre, or other honors, and the nature of the official citations.

In compliance with the request of the State Council of Defense, Miss Hier, Nicholas county historian, has prepared the following data for The Mercury this week:

OUR HONORED DEAD.

The soldiers of Kentucky were engaged in many of the great battles of the World War and suffered almost one hundred thousand into the service. Nearly three thousand of these gave their lives in the cause of Liberty.

Nicholas county sent approximately three hundred men into the service, and twenty of this number sacrificed their lives.

Our boys went into service, and that we might be the arbiters of every man, number and event, that might be triumphant to the uttermost bounds of the earth.
