**Velvet**  
THE SMOOTHEST SMOKING TOBACCO

"WHEN I go fishin' I want fish that bite, and tobacco that don't."

"Bite" in tobacco comes either from poor leaf or wrong "ripening". We use for VELVET only the finest Kentucky Burley. But we don't stop there.

We put millions of pounds of this tobacco away every year, in wooden hightops, for Nature to patiently ripen and mellow.

There are quicker ways, but they leave some teeth in.

The VELVET way makes the freshest kind of tobacco. You can always go to it for smoothness without a "come-back".

Get shummy with VELVET today.
