BRAND WHICH STEERS SO YOU WISH TO SELL YOUR CREAMY

The station or agency method employs a buyer on commission to buy your cream, paying you that small base for your butter fat. The result is you receive low money for your cream—the station buyer keeps the difference as his reward for and your cream is delivered to a Creamery as the effect of an agent—all persons who sell cream to the station agency are entitled to the same painstaking care and attention given our patrons. Yes, Mr. Producer, we are known to the cream-ery who owns your product.

Your money is saved on the means of patronizing this system as the more you patronize the agents, the stronger you are found by the Creamery Company.

The Tri-State principle is to deal DIRECT with each patron and pay him every cent, possible as greater encouragement for Dairy Growth and as an inducement for HIGHEST and BETTER here's.

Y. W. C. A. OPENS WORK IN ITALY

Tea and Club Rooms Opened for American Women.

Miss Charlotte Niven, Director of Italian Work, Prepares for Influx of American Woman Students.

Daily is now included in the war work of the American Y. W. C. A.

Miss Mabel Warner of Dallas, Kansas and Chicago left Paris a few days ago for Rome, where she will be in charge of a Hostess House for American girls employed there by the American Red Cross, the Embassy and the new Barcelonia Commission. Miss Warner has been director of the Y. W. C. A. Hostess House at Ernst, France.

Miss Warner will open a tea room and club rooms where the American women can gather for social times. Rome is harboring a refuge population of about 40,000 and accommodations are difficult to find.

The work in Rome was started as a direct result of the appeal of Miss Charlotte Niven, one of the National Y. W. C. A. secretaries in Italy, who is spending a few months in France as an advisor in the French work.

Miss Niven's dreams of Y. W. C. A. work in Italy include the maintenance of a residence for non-Italian women, who, she feels, will come to Italy in great numbers after the war in study of music and art.

"I believe at this time such a project is particularly important because women from other countries should be encouraged to come to Italy to explore the great numbers of German women who flooded Italy in the past, many of them paid agents of their government," Miss Niven said in discussing her plans.

Miss Niven has asked the American Y. W. C. A. to aid the Italian Association in establishing a center, perhaps at Genoa, with two American secretaries, with physical and recreational training as part of a training school for Italian women. In connection with it her plan would include a Hostess House for girls passing through the city or employed there. Such a center would become eventually the center for all Y. W. C. A. work in Italy, both Italian and foreign.

In the formal appeal for help for the Italian Christian Girls Guards (the Italian name for Young Women's Christian Association) Miss Niven has emphasized two facts, the poverty of the Italian Association on the one hand and the need and opportunity on the other for an American program in Italy at the present time.

Miss Niven's favorite way of attracting the friendliness of the Italian women is through the children. She says: "Italian children are very fond of music and the first call to them the parents of the future will be through the children. Italian girls are hungrily grateful for the slightest effort. They respond more to friendliness.

"There is no other agency doing in Italy what the Association is trying to do.

"Our Niven has spent the last seven years in work with the Italian women in charge of a branch of a leading house for Italian women and children at Florence. She is an American from New York, where she was one of the heads of the Christodora House.

WOMEN LEARNING MASSAGE.

Germantown Y. W. C. A. Trains Women for Reconstruction Work Among Soldiers.

Educational courses to prepare women as aides in the rehabilitation of wounded soldiers have been opened by the Germantown, Pa., Young Women's Christian Association.

A reconstruction massage course, lasting six months, is one of the classes in work and research instruction now being conducted by physicians, surgeons and hydrotherapy are given at the Germantown Hospital, which is one of the properties of the Y. W. C. A. of Germantown. The courses are conducted by the association.

Similar courses have also been opened in the New York City Training School for Y. W. C. A. where a specialty is made of hydrotherapy with a view to training women as reserves for reconstruction hospitals.

The Canadian Y. W. C. A. has received permission to place a Y. W. C. A. secretary on every ship leaving England with 200 or more women and children on the passenger list.

The secretary fulfills the same function for the women as the Y. M. C. A. secretary has for men on transports. She provides entertainment and recreation for women and children and acts as friend to whom they may come if they are in distress.

VOL. LII CARLISLE, NICHOLAS COUNTY, KENTUCKY, THURSDAY, MARCH 13, 1919. NUMBER 11

COMMENT

After decided improvement for 3 days one symptom evinced eight suspects.

Everybody's Magazine has unearthed a rag on Woodrow Wilson's watch cellar: "Ask for one coup at the theatre and you get one—and must tend the same."

Held on to your Liberty Bonds, unless dire necessity makes you part with them? Then make sure your funds to loan on mortgage for big returns on good security. Many farms are now good investments and are still good investments.

Over in Harrison county they have a "Dopey" town. Kimberly, that's the name, for Cynthiana Democrat correspondent sends the following:

"We have just found a man who owns a cow that gives an awful lot of milk and never had a calf, and her mother never had a calf."

Despite what is being said about the inefficiency of Mr. Wilson's secret service, we'll wager that the letter he will mail, if you will send him a check, post office money order, or even the cash, to the Mercury office, will get you your notice of the expiration of your subscription. Don't wait until the last minute to send the letter.

It is alleged that Woodrow remarked that the heads of the Senators who voted against the League of Nations had better be looked to with a view to unscrewing." With his usual facility Woodrow, if he said it, has coined a standardized phrase to apply to the unscrupulous politicians who have waged legislative bodies throughout these United States.

Lethargic Encephalata, or the sleeping sickness, is the latest thing to hit us. We've had it, the disease attacking us in the form of fourteen. Even yet, early in the morning, we feel a slight touch of it, and we're not sure but what the end, we have returns of "Lethargic Encephalata," the name is not only pleasing and euphonious sound than "Sleeping Sickness," but more in keeping with the spirit of peace now when referring to the latter.

Assistant Secretary of the Navy, Roosevelt, says that history will show he bears the peace terms read, is going to be a "Hell of a peace." Well, if it is, it will be the first one in history that ever was a hell of a one pointing to the peace table. Historians will be just as much interested in the Germans as they are in the Romans when they come to write the history of the present time.

Exemptions Are Allowed.

Under the law there is a personal exemption of $1,000. If he is supported by a wife, $2,000. Then there is an exemption upon him he may claim in the case of children of $200 each, and in the same exemption as if married.

A husband and wife living together and having an income of $3,000 or more must make a return. If married and living apart, the husband is allowed a personal exemption of $2,000. If they live together and the husband is allowed a personal exemption of $2,000. If they live together and the husband is allowed a personal exemption of $2,000. If they live together and
