YOU MEN BACK FROM SERVICE

Now that you are home again you'll soon get into the swing of things in this old town. Friends—associations—business will be taken up where they were left off when you went into O. D.

Better clothes here than ever before. We've been at it a half century and we don't know when they ever looked as good as those here. They are the sort of clothes you will be glad to renew acquaintance with.

Bemis Transplanter

Is the only practical machine for transplanting tobacco, better than by hand. They start sooner and mature more evenly.

Great saving in time and labor, great increase in yield per acre. Set your plants when ready—don't wait for rain. Each plant watered at the roots, covered with dry earth—no baking. Every feature necessary for every purpose. Every adjustment desired. Perfect working qualities. Easily handled. Very light draft.

READ THESE TESTIMONIALS

From E. T. Insard, Elizabethtown, Ky. I bought a Bemis Transplanter after getting a bad report from the Farmers' Journal, which said that the machine was not worth the money. I found it to be the best I ever used.
