Dear Sir:—Please publish the following lines in your next issue:

"SILVER STRIPES
INSTEAD OF GOLD"

Darling here's your warmly bold,
Silver Stripes instead of gold
Shine upon his sleeve today,
Proud he did his part away.
No one thanks he had sold fast,
He had to do as he was told
And get Silver Stripes instead of gold.

PAYING THE PIPER

The United States went into the war to win. Thrift Stamps and Liberty Bonds will settle the bills. The government has done its part. It now looks to the people of the nation, always ready to lend and give—its money so that the war bills, so necessary to the maintenance of our country's military machine, may be paid. The Government offers an opportunity for every man and woman to prove that loyalty is as potent today as it was when the war was in full blast.

Do not sell your War Savings Stamps and Liberty Bonds. The government borrowed the money for a specific purpose. If the securities are not retained, your purchase will be a donation instead of a loan to help the government. The men who buy and save, who follow the principles of thrift are the people we will stand by.

FOR SALE—Oakland 6 touring car, 1917 model, run 4,500 miles, starter, Delco battery, 3 Goodyear Cord tires; excellent running condition.

Better come as your order for that Duck or Goose is waiting. Remember we order that you may have your car when the sun shines in the spring.
MARTIN'S GARAGE

IN MEMORY

In loving remembrance of Dewey Hyde Gasaway, who was born January 16, 1899, and died February 8, 1919—just a month ago today since our darling passed away.

He has gone where the song birds sing,
Where the Angels wait
God lives and all is well
Through the open gate.

His pictures are hanging on the wall,
He looks are lying near,
There's his pencil, his fingers touched
And there is his vacant chair.

A precious one from us has gone
A voice we loved is still
A place is vacant in our home
That never can be filled.

Dewey has gone, but not alone,
For we know we have a Savior
Calling:
One by one the flowers die
One by one the friends are meting
Oh, how soon may you and I
Mattie and Nellie Gasaway.

Take Advantage of the High Price of Butter Fat

Butter fat is worth more today than it has been for many years, because millions of people in Europe whom we have never had to feed before are now looking to us for nearly everything they eat. Don't allow any better fat that you can use to get away from you. For every drop represents money.
