TELLS SECRET OF HIS PRESENT SOUND HEALTH

CHAS. H. THOMAS, TRIBUNA FOR WESTERN PHYSICIAN, CHICAGO, ILL.

My health is the best I have ever known. I am now 60 years of age and I feel as well as I ever did. I am a strong, healthy man and I am able to do all the work I wish to do. I am a great admirer of the Overland 4 and I have bought one. I have driven it for several months and I am very satisfied with it. It is a fine car and I would recommend it to anyone who is looking for a good car.

Overland 4

As It Is As It Seems

The Road—In New Overland 4 on Three-Point Cantilever Springs

YOU expect a bad road to ride as it looks. It did. It until the introduction of the Overland 4 Springfield. This means an altogether new standard of riding comfort, a noteworthy reduction in the wear and tear which lessens the efficiency of cars. The new springs give longer life to every part and thus minimize upkeep and replacement costs.

Overland 4 does not change the road, but it does change the manner in which you ride on it. It gives you comfort instead of discomfort. It gives you a smooth, sailing sensation instead of bouncing and swaying.

Tires wear longer because cushioned against hammering bumps. Light weight means marked economy in gas, oil and running expense.

Overland 4's equipment is complete from Automatic Steering and Lighting to Downstreaming Gas long wheelbase roadsteadness. Yet Overland 4 retains all the advantages—lightness, economy, and ease of handling of 100-inch wheelbase.
