Save Time and Money BY USING A

DELCO-LIGHT

"Electricity for every Farm"

The Delco-Light engine is the valve-in-the-head type—used in the best and most powerful airplane engines and in hundreds of thousands of automo-

It is air-cooled—runs on kerosene in any climate—has only one place to oil and has a simple mixing valve in place of carburetor.

The storage battery is exclusively designed and built for Delco-Light with thick plates, wood and rubber separators and many improvements that insure long life.

Delco-Light long ago passed the experimental stage and has gone through the refining influence of three and one-half years of production and of usage by 75,000 customers.

You will find plants in the homes of your community. Just ask your neighbor about his Delco-Light plant.

Delco-Light makes happy homes; it saves time and labor, taking away lots of hard, unpleasant tasks. It "Pays for Itself" by the work it does and the time it saves.

the time it saves.

Of the more than 75,000 Satisfied Users of Delco-Light, the first are among the most enthusiastic— proof that the simplicity and durability of Delco-Light meets the requirements of its customers.

29 YEARS AGO.

With both labor and capital falsely branding the food producer as the high-cost-of-living profiteer, our farmers must fight together under strong leaders if they are to continue to get a living wage for their labor. In our own county this bank will always stand for your prosperity. Nationally—internationally—the strong voice that is speaking for the American farmer today is
