**Do Kentuckians want a hand picked, hand controlled Governor?**

It is common knowledge that the Republican Party in Kentucky is a "one man" party—solely in the control of A. T. Hart. It was shown at Lexington where the rank and file of the party were disfranchised of their primary rights and forced to accept a single already prepared for them.

Witness the high handed methods of Searcy, Hart's man "Friday", in his treatment of George W. Gilly of Owensboro who was clearly within his rights in seeking preference at the primary. Witness also the disgraceful primary election in the negro ward in Louisville where the Republicans did not dare let the negro vote as they wished.

Put Morrow in the Governor's chair at Frankfort and Kentucky will be governed from Louisville. He is dominated by this one man whose insinuating tongue influences and authority in National politics. He will push the "One Man" Morrow will do as he pleases!
