Many Cooks want Fierce Fire

MOST COOKS want a hot fire. DIXIE GEM COAL will certainly give them what they want. It burns to a light red ash, and with its high heat keeps the fire free from soot. Try one load and you'll find out.

Built for a Purpose

To serve long, hard miles of real usefulness, Fisk Tires are bigger and stronger and sturdier—built to serve you more faithfully than you've been served.

Sturdiness, too, with tough, black non-skid tread, and light side-walls.

They are built to an ideal!

"To be the Best Concern in the World to Work for and the Squarrest Concern in Existence to do Business with."

Ford THE UNIVERSAL CAR

There are more than 3,000,000 Ford cars in daily service throughout the world, and fully eighty per cent of these are Ford Touring Cars. There are many reasons for this, not the least of which is the simplicity in the design—easy to understand, because it is easy to operate, and widely interchangeable, compared to other motor cars. The maintenance expense is low, and it has won an unparalleled reputation for satisfactory service during the past sixteen years. On the farm, in the city, for business and for family pleasure, it has been used by you with most everything in motor car equipment, and we mean you purchase Ford Parts and skilled workmen to repair service. Be fair with our car and it will give you full value.
