THE BRYSON FARM AGENCY

J. H. Bryson

Things change, my pretty maiden; last year we sold very little bill land for the reason that the bill land in this section last year had a most oppressive drouth, and practically speaking no crop at all, while the higher priced lands in the southern section had good rains, good crops, and resulting high prices for both crops and lands. This year the show is on the other Nest and as a result the bill lands are coming into their own. A dollar will go further in bill lands than anywhere else when it comes to making a living and making money; the grass grows in bill lands, the cattle get fat in the fall, the orchards bear more and small capital will mean money and a living where it would only mean a start in higher priced sections. We have 50% left back to good common sense and BUY BILL LANDS this year.

Now, we have 1615 acres of unusually good land, 1 miles Carlisle, good pike, good village, church, school, pike, good village, church, a mile Carlisle, new improvements, good water and fair price for about $120 per acre and believe me, friend, it is a good thing to have. Come and look if ever willing to.

Just got a very pretty and well located 7 acre tract with house of 6 rooms, 2 halls and cellar, 1 mile Carlisle, church, school, pike, good village, good water, fine orchard, new improvements, all in grass and will be sold for $1500.00

Also have 100 acres or land on pike with 60 acres bottom, good barn, nearly new, 7 room house, for $175 per acre.

An 160 acres on pike, good house, good barn, fine orchard, all in grass, condition and $200 will buy it. About 40 acres in timber.

40 acres in Fayette 6 miles Lexington towards Versailles 2 miles pavement, good buildings, level land, and all under cultivation, fine grass and fair price and will buy it.

Have a lot of other farms and we are ready to show them; several FINE ONES in Bourbon, Scott and Fayette counties.

THE BRYSON FARM AGENCY

CARD TO THE PUBLIC

Within the last day or two word has come to me that I was one of a number who have made an attempt to take away the bidding rock from around the Bryson Farm Agency and that I was to be sold. It is true that by reason of my being a boy I am open to the force of circulating such rot, but I want to say it removed and I consider it a compliment to be classed with their losers. And will doubt- less come and come again and I'll be here. With a view to say that legal action will be taken against any party or parties who have, if my name is used again in connection with this agency.
