MONTGOMERY

Charles B. Hainline, of Mt. Sterling, stuck a nasty nail in his foot while at work on his farm last week and has suffered much pain as a result of the accident.

While at work at the Southern Oil Refining plant in Lexington last week,

ARRANGED TO OPEN TO RELAXIVE TOBACCO MONDAY

The four Carlisle warehouses will be opened next Monday, December 20th, to receive tobacco for the opening sale which will be held on Tuesday, January 6th, one day later than the opening of the Lexington market. It is expected that at the opening sale every floor will be full. No doubt the crop will be rapidly marketed, as the coming season will not be much better than in former years.

Keen disappointment has been felt and not a little inconvenience has been caused the growers this year by the lateness of the openings, but it was unavoidable. The dealers and buyers were about a month behind the schedule this year, and as practically the same buyers are on the Southern markets as are on the Kentucky markets, it would have been folly to have started the sales until the full force of buyers are in the field.

It is almost impossible at this time to place an estimate on what tobacco will bring. On the Southern markets well before last the prices went all to pieces, but last week the prices showed some improvement.

These are the final population figures of the country and states, the statistics announced early in October having been the preliminary compilations. Kentucky's population was announced today as 2,416,630.

The population of the United States with outlying possessions is 117,987,669, the outlying possessions figures totaling 12,146,728.

The population of continental United States as announced today shows a gain of 25,663 over the preliminary figures announced October 7.

PRODUCE REVIEW

(Prepared by Swift & Co.)

Butter prices steadied during the last week. Lower prices being asked by retailers have increased consumption. The cooler weather also has made better tracing and the supply continues heavier than during the same period last year.

Poultry prices at consuming centers have shown some weakness, in line with lower prices on other food products. The movement from the farms, however, has been normal at steady prices. Prospects are that the demand for dressed poultry will be only moderate for some time.

Fresh eggs are moving in larger quantities throughout the country, due to the mild weather, and with prospects for continued favorable weather, receipts will naturally show further increase, and markets should work much lower.

WHAT ARE YOUR CHANCES OF SUCCESS?

Do You Step Out with Snap and Vigor? Are You Able to Get Things Done?

DON'T STAND IN YOUR OWN WAY

People with Thin, Weak Blood Have a Hard Time of It. They Should Take Pepto-Mangan

Look at the facts of your health. So much depends on having red blood. If you stand up in front of your work with half-starved blood in your system you are standing in your own way. You are blocking your own progress.

Thin blood makes you dull. It makes you pale. You take no enjoyment out of your work. It is only half as good as it should be.

You can remedy that condition so easily. Begin taking that fine tonic, Pepto-Mangan, today and keep it up for awhile. Your blood will become nourished. Pepto-Mangan makes red blood corpuscles. You will get energy and strong power of resistance. Instead of standing in your own way, you will push yourself ahead because of greater vitality.

But be sure you get the genuine Pepto-Mangan. It is put up in both liquid and tablet form. Ask for "Gude's" and be sure that the name is on the package. The tablets or the liquid have the same medicinal value. —Adv.

Harry L. Stephenson, of Mt. Sterling, sustained severe injuries when a heavy chain scaffold upon which he was at work broke, causing Mr. Stephenson to fall a distance of over twenty-five feet.

Dr. J. A. Shirley, well known Mt. Sterling physician, suffered a stroke of paralysis at his home last week. His condition is serious.

Mrs. Marcia Hoffman has resigned as city librarian of Mt. Sterling.

Charles Combs, who had his left hand badly mashed in a corn shredder several weeks ago, was compelled to have two fingers on the hand amputated last week.

Married—Miss Grace Blagg, of Menifee county, and Mr. Curtis Holman, of Montgomery county, at the home of the bride.

Died—Mr. Allen Prewitt, Sr., aged 76 years, one of the most widely known farmers of Montgomery county, at his home near Mt. Sterling.

ROBERTSON

Mrs. N. R. Comber, of Thomas, sold 62 turkeys this year for which she realized the sum of $250.72.

Married—Miss Katherine Murray, of Cincinnati, and Mr. Sherman Hemingor, of Mt. Olivet, at Newport.—Miss Emma French and Mr. Robert White, both of the Central Ridge vicinity, at Mt. Olivet.—Miss Beulah Dixon, of Hittsville, and Mr. David Brois, of Brooksville, at Mt. Olivet.

RENEWED TESTIMONY

No one in Carlisle who suffers backache, headaches, or distressing urinary ill can afford to ignore this Carlisle man's twice-told story. It is confirmed testimony that no Carlisle resident can doubt.

John J. Archdeacon, prop. harness shop, E. Main St., says: "I had an occasion to use a kidney remedy some years ago and as I had often heard of Doan's Kidney Pills I used them. I was troubled with a dull pain across the small of my back. It took almost two boxes of Doan's Kidney Pills which I got at Tureman's now Watkins & Squires' Drug Store to cure the complaint. I feel justified in recommending Doan's as a very good remedy."

(Statement given November 11, 1916)

On November 15, 1920 Mr. Archdeacon says, "The cure I spoke of in my former statement has proven permanent. I haven't had the slightest sign of kidney trouble since Doan's Kidney Pills cured me. Doan's are alright and I gladly recommend them."
