FOR SALE!

I will sell privately our residence in Carlisle, Ky., situated on College Hill. This house is one of the most convenient residences in Carlisle and consists of 8 rooms, 2 halls, bath room, pantry, sleeping porch, several closets (two very large), basement under the entire house, divided into a furnace room and laundry room. The laundry room is of sufficient size to use for drying clothes during bad weather without any expense to the one doing the washing. There is a cistern from the basement to the attic and a door opening into the attic. One arrangement that saves many steps is a clothes chute from the first and second stories to the laundry room.

The house is equipped with furnace, electric lights and water works, and has been recently painted. The lot is 50 feet by 170 feet and is within one and one-half squares of the graded school.

Come at once or you may lose the best place that has been offered in Carlisle for this year.

Sold $10,000.00 Worth of Cream To The Tri-State Butter Company

Harrison, Ohio, Man Says He Received a Check for $1,000 Each Month It That He Felt He Had Been Given Right Weight and Test

"After 7 years' dealings we feel it your due to have a word of appreciation for your square dealings in that time," writes Charles Bonham, a well known and respected farmer of Harrison, Ohio.

Mr. Bonham is well known in his community and takes an active part in all activities for the betterment of the agricultural interests. He has a farm of 21 acres and he considers them to be seven prodigies.

"We sold a few cans of cream to the new local station to try them out," continues Mr. Bonham, "but always went but into Tri State." Mr. Bonham received over $10,000.00 in Tri State checks during the past 7 years and butterfat was considerably cheaper 7 years ago than it is today. Every new cream buyer that opened up shop, tried to buy Bonham's cream as he was counted to be given such a test, but even the the station buyers did their best, it was useless for Mr. Bonham to sell his cream to a commission buyer, for when one handles a herd of 21 cows, the hard work is done before the cream is brought to town and when the cream is in town, Mr. Bonham knows he's not in for a lasting fight 3 cents to 5 cents per pound loss for his cream in order to have a cream buyer understand, so he knew his check would come about the first of the month as a few days after shipping. Try the FULL Tri State Butter Company only by from the greatest of every dairy shipment is received in the patrons name and he receives better quality of cream and consequently a better check the producing of this is the beginning of all kinds together.

Write for shipping tags. The Tri State Butter Company, Louis Caplan, Proprietor, Cincinnati, Ohio.

Big Value in Tires for Small Cars

Back of the manufacture of Goodyear Tires for small cars is the same purpose to supply high value in the product that is behind the manufacture of the Goodyear Tires that equip the most expensive automobiles built.

This purpose is expressed by the enormous resources, extraordinary skill and scrupulous care applied to the manufacture of Goodyear Tires in the largest tire factory in the world devoted solely to the 30x3, 30x3½-, and 31x4-inch sizes.

The effect of this endeavor is noted in the fact that last year more cars using these sizes were factory-equipped with Goodyear Tires than with any other kind.

It is also noted in the fact that, if you own a Ford, Chevrolet, Dort, Maxwell or other car requiring the sizes mentioned, you can secure Goodyear Tires and Goodyear Heavy Tourist Tubes at the nearest Goodyear Service Station.

30 x 3½ Goodyear Double-Cure Fabric, Non-Skid $20.00

30 x 3½ Goodyear Single-Cure Fabric, Non-Skid $17.65

Goodyear Heavy Tourist Tubes are thick, strong tubes that insure extra mileage. Ordinary tubes are cheap tubes! Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size on sale at $3.00

TONIGHT—THURSDAY
Comes Vivian Martin in "The Thief." You sure do want to see this one.

FRIDAY—The "Tiger's Trail," Pathe News and Lloyd comedy. "Tag neighbors."

SATURDAY—We will present an all star cast in "Going Straight."

MONDAY - TUESDAY
The much talked of picture, "The Miracle Man," George Loane Tucker's production, a Paramount-Artcraft picture. Read the many good things about this production as 345 produced. It is the biggest picture that whenever shown the people have to line up for five hours before getting in to see it, and then had to be turned away. Don't miss the reason all Theatres have to limit how to see this. We will run it two days. There will be a matinee each day and night shows as usual. We are doing this so all may get to see this wonderful picture.

The folks, all that possibly can, can't be in the matinee crowd and if you have folks get in your machine and come; don't leave it said that you missed this treat. Lessinger and Carlisle are the only cities in this section to get this picture.

This is the highest priced picture ever shown in Tri State and a few days ago we bought it. If you can't come, don't fail to see it.

WEDNESDAY—Comedy Bert Lytell in "Barbara Blanchar's Little Fall." This is a cracker-jack good story—see it and don't forget "The Business Boss" one day and Tuesday is the other.
