13 INTER-CHURCH MOVEMENT

Needs For Ensuing Year and for 10 Next Five Years Stated by Dr. Greenfield.

Lexington, Ky.—Transylvania College, famous old institution of the Christian Church in Kentucky, has undertaken in the ensuing year of the Association, in conducting a campaign of education, so that the people of Kentucky and of the Christian Church in the State may know something of the college and its needs. The campaign is preliminary to the national campaign of the Inter-Church World Movement, which will come later in the year, and which is designed to make possible the increase of salaries of college professors, and to place that living condition on a proper plane besides needed improvements, including a five-story library building.

An organization is being perfected to conduct the education, of which Dr. H. H. Crossfield, president of the college, has issued a statement at the needs of the college for the coming year and for the next five years. The needs have been fixed at $588,224 for the year, and $2,484,950 for the next five years, from estimates which he prepared for the Inter Church World Movement committee Church in Kansas City in January and later at the St. Louis Conference
