a Sure fattener—

TUXEDO HOG RATION

UNTIL you feed Tuxedo Hog Ration you cannot know how cheap pork can be developed. Tuxedo is a quick fattener—a never-failing producer of live, sturdy, good looking hogs. The formula is compounded along lines suggested by a prominent State Experiment Station Official.

Note of what Tuxedo Hog Ration is made, and you will understand why it is so very nutritious: Digester Tankage, Corn Meal, Ground Barley, Ground Oats, Wheat Middlings, Old Process Oil Meal, Gluten Feed, Alfalfa Meal.

This balanced mixture is sweetened with Cane Molasses.

ANALYSIS: PROTEIN 14.3% FIBRE 7% CARBOHYDRATES 59% FAT 3.5%

Made by the Manufacturers of Tuxedo Chop, Ce-re-a-lia Sweets, Tuxedo Scratch, Ce-re-a-lia Egg Mash

A WORD OF WARNING

The Ky. Agricultural Experiment Station in its Bulletin for the protection of the consumer and honest manufacturer, under the Ky. Feeding Stuffs Law, has the following to say of the system of tagging:

"A Yellow Tag printed in Black Letters indicates that the feed contains a material of little or no feeding value, such as oat hulls, clipped oat by-product, cob meal, cotton seed hulls, peat, etc., the name of such materials being printed in bold face type. Such feeds are commonly known as Yellow Tag Feeds.

"A Manila Tag printed in Red Letters indicates a feed made of the products or by-products of two or more grains or cereals or plants, such as corn and wheat, or corn, wheat and oats, etc. Such feeds are usually known as Straight Mixed Feeds.

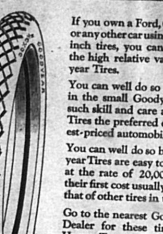
"A Manila Tag printed in Black Letters indicates a feed made of one grain or plant only, such as wheat bran, shipstuff, cracked corn, cotton seed meal, etc. Such feeds are commonly known as Straight Feeds."

Some of this cheap "Yellow Tag" feed which is now being used by some farmers is practically worthless as a milk producer. Do not let the low price persuade you to buy "Yellow Tag" feed.

We handle only the "Straight Mixed" and the "Straight" Feeds. Watch for the MANILA TAG, printed in RED or BLACK LETTERS.

F. B. HENRY & SONS

Equip Your Small Car With Goodyear Tires



If you own a Ford, Chevrolet, Dort, Maxwell or any other car using 30x3, 30x3½, or 31x4-inch tires, you can well take advantage of the high relative value built into all Goodyear Tires.

You can well do so because you can secure in the small Goodyear Tires the results of such skill and care as have made Goodyear Tires the preferred equipment on the highest-priced automobiles of the day.

You can well do so because these small Goodyear Tires are easy to obtain, being produced at the rate of 20,000 a day, and because their first cost usually is as low or lower than that of other tires in the same types and sizes.

Go to the nearest Goodyear Service Station Dealer for these tires, and for Goodyear Heavy Tourist Tubes. He supplies many other local owners of small cars.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread $20.00

30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread $17.65

Goodyear Heavy Tourist Tubes are thick, strong tubes that cannot be surpassed for quality. Why risk a good casing with a cheap tube? Goodyear Tubes are guaranteed 6,000 miles of fast motor. 30x3½ size in stores: $3.20

GOODYEAR

6%-10 Year Participating GOLD BONDS

United States Potash & Brick Corporation
Factory and Works, Roanoke, Va.

A limited number of these bonds of $200.00, $500.00 and $1,000.00 denominations are for sale at par. After paying 6% Bonholders are to participate in the profits of the company to the extent of one-third of its net earnings.

The demand for potash in the manufacture of fertilizers for farm purposes is unlimited. Commercial potash was formerly imported from Germany, but it can now be manufactured in this country, of as good quality, for less money than that which was formerly imported from Germany, prior to the war, and still more immediately after the war. Write for full particulars.
