MAKE it easy to get around and you make healthier and happier communities. No one any longer questions the worth of the automobile...

Every now and then you hear a neighbor complain that "he doesn't seem to have much luck with tires."

The minute a man begins to question the service his tires are giving him, he's ready to listen to reason.

Our business is built on the principle that the only way to get better tire service is to get better tires to start with.

That's why we have taken the representation for U. S. Tires.

U. S. Tires have a reputation for quality. Built up through years of creating better tires. Such as the strongest side automobile tire, the pneumatic truck tire.

It is not by chance that U. S. Tires are made by the oldest and largest rubber concern in the world.

We are proud to represent U. S. Tires in this community.
