Dr. W. E. Arnold, of Louisville, Kentucky, successful editor of the Central Methodist, and one of the South's best ecclesiastical lawyers.

Dr. Willard G. Oram, one of our young but growing leaders in Missionary Circles.

Mr. Frank A. Miller, the Chalk-talk Man, a great children's worker.

Prof. William H. Sheets, of Nebraska, Musical Director in the Bromley Campaigns.

Mr. Henry A. Backemeyer, of Indianapolis, one of the sweetest gospel soloists in the field.

Mr. Charles E. Braun, of Detroit, Michigan, Piano Specialist.

Dr. Geo. R. Stewart, the following departments are scheduled: Exposition, Apologetics, Bible Teaching, Personal Work, Evangelism, Pastors' Round Table, Boys' and Girls' Work, Deeper Life Hour, Prayer Department, Young People's Work, Missions, Temperance, and Preaching.

As the schedule stands, there will be twelve meetings a day during the week days and ten on Sunday. Of course, some of these will be held simultaneously in the Auditorium, at the Big Tent, and on Vesper Hill. No one individual can take all these in, and will not be expected to do so, but the program is on a scale that there will be sufficient for a full day's feast for nearly every type of taste.

The Wilmore people themselves are raising the money to provide for the tents. No admission fees will be met by collections and gate fees on certain days.

We are making great preparations for this occasion. A wide range of improvements are on. We are planning board and lodging free to all accredited ministers up to a limit of two hundred. You want your minister to give you the best service of which he is capable. We propose to help you make this possible. We suggest that you release your pastor from both the Sundays involved, pay his way to Wilmore, where he will be our guest and have a chance to get rested up, and in an intellectual, spiritual, and inspiring atmosphere, and he will return to you a better equipped man and a more efficient servant. You will share in pouring out his soul and life all the while to others and you will most but deserves to have occasions like this to drink in great messages from the great men of the land. We need and want the laymen there. We regret that it will be impossible to provide for them the same cordiality, but we intend to keep the board, lodging and other expenses down to the minimum. Every circle should be manned by some to avoid congestion or possible disappointment later.

The ministers who are expecting to come will do us a favor to write the Secretary of the Wilmore Bible Conference at once of their intention and if possible name the day of expected arrival so that the entertainment committee will have adequate time to make provision for all. This is a great undertaking for so small a town, but it is throwing open its hearts and its homes and the latter will appreciate your cooperation in that plans.

The complete Bible Conference Folder will be sent to all who request it.

A Terrifier.

An actor was sketching from the river bank near his friends who were fishing. The actor was at one time surrounded by cows which interfered with his view, and he tried to drive them away by throwing things at them, but they would not budge. At length one of the anglers cried: "Shoo them your sketch, old man!" He did so, and the offenders fled.

African Bird Sweet Singer.

The Cape canary is the only native bird of Africa that is well known for his sweet and continuous song. He is to be found even in the Orange River colony, which is otherwise devoid of song birds.

You and Two Others

have a part in the satisfactory completion of every telephone call you make.

YOUR PART is to ascertain the correct number from the directory; to give the number distinctly when the operator answers; to correct her if she repeats it incorrectly; to talk into the telephone—not just "at it."

THE OPERATOR'S PART is to answer you as quickly as the calls already on her switchboard, and preceding yours, will allow; to connect you (unless the line is busy) with the number you ask for; to "supervise" your connection until the called telephone answers.

THE "CALLED PARTY'S" PART is to answer his telephone promptly when it rings; also to speak distinctly into and not past the telephone—

The co-operation of at least three people is necessary to satisfactorily complete a telephone call—and two of them are not in the employ of the telephone company!

TEGG CAPTURED IN SHELBY COUNTY BANK

Shelbyville, Ky., June 26—An alarm sounded by a telephone operator brought about capture of a yegg inside the bank at Finchville last night. When Mrs. C. L. Shuck, night operator at the Home exchange, looked in on the second story of the building, hours drilling below, she fired two shots from a window and called the subscribers living near the bank.

Citizens soon surrounded the building, but the cracksman was unable to unlock the door, a steel one having on the inside. When the crowd started to force the door, the yegg gave up and surrendered, then came a shout from within.

"I'll come out," the burglar declared.

He proved to be Allen Howerton, 25 years old, Louisville, formerly of Shelby county. He is under indictment in prison for robbing a store at Shelbyville.

He had two sticks of dynamite, caps and fuse, and tools he had stolen from a blacksmith shop. He had attempted to break the combination on the safe in the vault door. This failing, he began to drill through the door and had penetrated one-third of the way.

James T. Overton, his father-in-law, motted suicide in Louisville some years ago. His stepmother and second wife live in Louisville.

Beautiful Birds.

There are about fifty different kinds of birds of paradise, and the most beautiful of the group—the Count's creations, and their name is in the South seas, on the continent of Australia, and in the Asiatic countries nearby. These birds live in forest regions and are very timid and active, jumping about and hanging from the limbs of trees.

PROHIBITION CONTENTS—TRAIL PHANTOM

Seven fifty-gallon barrels filled with corn mash, twelve gallons of moonshine liquor and two Fordson tractors were destroyed by Prohibition Agent T. F. Hall in a raid on the farm of Lewis Fleming county, about eight miles from Flemingsburg. Hall was accompanied on the raid by Deputy Sheriff Ben Hall of Fleming county, Lee O. Feiser, both of Flemingsburg.

The still was not found. Agent Hall says that it was evidently moved a few hours before the arrival of the officers. Fleming is charged with the operation of the plant and was summoned and raided by the officers, according to the report. Their raid resulted in the capture of the two tractors and a portion of the liquor.

The raid was made, as the persons operating the still were not located in Fleming county, and the investigation is being made as to who the owners and operators are.

If I were an actor I believe I could draw the leading part, and being a teacher, I am content to draw a small salary."

Lexington, Ky., June 26—The $1,000,000 bond issue authorized by the Board of Commissioners to be used in erection of the memorial building to the soldiers and sailors on the campus of the University of Kentucky, was declared unconstitutional today by Circuit Judge Charles Kerr.

The case will be taken to the Court of Appeals, it was stated by Judge Wilson.
