THE UNIVERSAL CAR

Out of the more than 3,000,000 Ford cars now on the highways every seventh has been a Ford. Probably no other thing has brought the cars so much of comfort and profit as has the Ford car. It is endorsed by the world's leading facilities for marketing. It brings the most exacting of farmers, socialists for the farmer the planter of livestock. A family car without an equal in low cost of operation and maintenance. We satisfy your need for one more useful and demand a large and continuing increase.
